At the regular meeting on Tuesday four very interesting papers were read by Mesdames Willmott, Stewart, Bell and Earl. The first was on "Don't le people forget that alcohol is a poison. Emphasis is laid on what the Government can do and prohibition has done, but it is all the result of educational work and this educational work MUST ontinue. It behoves all our churches and all institutions of learning to increase rather than decrease their activties in encouraging total abstinence.

The second paper was on "Alcohol Weakens Resistance to Pneumonia.' The American Medical Association Journal of Mar. 17th, 1923, gives results sicians of a Chicago hospital covering two periods, one from 1911 to 1917 and the years 1921 and 1922, the intervening years omitted because of the unusually fatal form of pneumonia during the flu epidemic. The report says "Not only does the use of alcohol in-

oneumonia. A drug that weakens r The third was a teacher's view began, giving them a knowledge of the evil effects of alcohol taught by conscientious teachers. As helps to effective teaching the essay outlines the concrete facts of physiology and hygiene, Alex.
