Mr. Roger says, in part : "There few have made noise and trouble so out of proportion to their numbers, that many must have been led to believe that they were voicing the feelings of the harvesters in general. Few seem to give a thought to what has become of the still remaining 11,000, of whom little or nothing is heard. The fact is that these men are so busily engaged working that they have not time for talking or writing. They have been sensible enough and plucky enough to take what they could get in the meantime. rough though it may be, and are confident that they have every prospect of making good in Canada in the fu-

Mud Saved Mr. Dale.

Niagara Falls, Ont., Dec. 20,-Mayor LeRoy Dale, of Georgetown, was lucky this morning at 330, and owes his life to the fact that his car stuck fast in the mud. Two feet more and he and his companion would have been in the swift current of the Hydro canals Mr. Dale had been told to take a detour just outside the city, but took the strengthened and healed, wrong road and was driving along the bank of the canal when he was mired. He was borrified when he discovered how close to the brink he had been. A wrecking party pulled the car out and back to solid ground.
