THE ENGLISH LANGUAGE.

lation Use It. The rapid growth of the English

language is shown by the fact that in the year 1801 the number of peo-Young Benedict Given Send-off on ple who spoke English was only 1 20,500,000; by 1890 it had grown to 111,000,000; to-day it is 170,000,-Members of the Fort William Times. | 000, and is rapidly increasing. More

More than that, since English is world language.

Let us glance for a moment at |3t rivals of English, the other languages used by the peoples of this planet. In 1801 French was the most widely used language. In Mulhall's Although yellow with age, and with Dictionary of Statistics the number the pages "dog-earned" an old family then speaking French is given at Bible is still intact, and is treasured 31,000,000 or 50 per cent. in excess by its owner, Charles Cooper, of Oak- of English-speaking peoples. Next ville. With elaborate wood cuts and came Russian and third German, each distinctive lettering, the Bible was with about 30,000,000 adherents.

grace and it to look for when the Bels number. The present population of begins to tool Lord have Marcey on China is supposed to be about 420, 000,000. But Chinese is so cumbrous a language that educated Chinese themselves admit that it cannot possibly survive.

The only living language besides English which is at present growing with any rapidity is Spanish. Spanish s the principal language of America from Mexico southwards, and the population of the South American countries is increasing rapidly. Yet even Spanish is no likely rival to English as a world language.

At present three-quarters of all the world's letters and postal packets are addressed in English, more than half of the newspapers of the world are printed in English, while their circulation is quite three times that of all the periodicals printed in other
