TAINING YARNS. Charles Kingston Tells the Pathetic Story of "the Colleen Bawn" and Other Interesting Marriages-Sold by Auction. '

A well-known peer who is still, alive met his wife as a result of an, accident at cricket. He cut his hand in stopping a ball and the young woman who handed him her handkerchief to bind up the wound subsequently took his name in exchange. Less fortunate was the experience,

of a nobleman who, forced to take, shelter in a doorway by an unexpect-Has Already Saved More Lives Than ed downpour of rain, was invited Were Lost In the Great War- in by the owner of the house and the Tuberculosis Made Immune by In- mother of a very pretty girl. The nobleman married the daughter a year later, but in his old age, when chaffed about his matrimonal adventure, he often said, "I wish I hadn't

forgotten my umbrella!" Many more examples of marriages brought about by chance are given by Mr. Charles Kingston in his book, "The Marriage Market," which is packed with entertaining yarns. The author tells the pathetic tale

of "The Colleen Bawn," a romantic melodrama founded on a famous Irish trial. Pretty Ellen Hanly, the real "Colleen Bawn," met John Scanlan unexpectedly in a Dublin street. He was fascinated by her childlike beauty, and in a few hours she was lifted out of the squalid environment in which she had been born and raised to heights which hitherto seemed beyond her dreams. Thus, when the wealthy Scanlon desired a secret marriage, she consented.

Scanlan went to Cork, and with the aid of his servant Sullivan got into touch with a disreputable ex-priest, who agreed to marry the lovers, it being intended by all concerned, save Ellen, that the ceremony should be quiet men working in the laboratories Sullivan that he must soon give Ellen a hint of the real state of affairs, as At the same time a letter arrived
