THE gift that many wise men will give their families this Christmas will be this latest Rogers Symphony

We say "wise men," because the electrically-operated set has definitely "arrived" and by next Christmas batteryoperated sets will be practically obsolete wherever current is available.

Think! No danger when you're entertaining guests, of finding that a battery is "down"—the Rogers has none. No fussing with chemicals, chargers or attachments--the Rogers is complete in one cabinet all ready to operate. To know that your wife and children can "just plug inthen tune in" at any time during the day . . . To know that you yourself can go home any evening to a radio always ready . . . That, surely, is the radio to have

this Christmas! Remember, the Rogers was the first Radio made to operate direct from an electric light socket and is still the only Batteryless Radio with any record of proven persormance. Don't experiment; don't risk disappointment. Get a Rogers-now in its third successful year.

Our allotment of this new Symphony Console for the Christmas Season is limited. Arrange for a demonstration now. Price, complete, \$420.00-on terms to suit your convenience.
