Fergus News-Record sees the last of the of Milton, gave a very interesting talk on powers of the County Council gone. The "Visions," and Mrs. Bews, of Milton, also new Act provides that "the Council shall gave a very helpful talk on her trip to appoint three to five persons, residents of Victoria, B.C., and the wonderful work the County but who need not be mem- being carried on there among the Chinese. bers of the Council, who will constitute a committee for the purpose of directing the work to be done on the County Road to point out what this change will mean, Leaskdale, called on a few friend thus: "Note the wording, which is taken around Mansewood and Omagh directly from the Act, which is now in their return trip from Brantford, the need no longer be Reeves at all, yet they 4th line, Esquesing. will direct the work to be done on the County Road System. The County Council appears to have no power over the County roads except to appoint the new committee and raise the taxes to pay for the work. The Act further decrees that one member shall be elected each year, to hold office for the full term of three or five years, as the case may be, thus making only one change on the Committee each year. In addition the Warden shall be "ex-officio" a member of the Committee during his term of member whose term has expired may be re-appointed and a member can be removed by a two thirds vote of the County Council."
