Have You Renewed Your Motor Vehicle Operator's License?

IF you are operating a Motor Vehicle in Ontario, you are breaking the law unless you are the holder of a 1930 Chauffeur or Operator's License.

Traffic Police are now apprehending motorists for the purpose of examination of licenses.

In case of accident, traffic officers or police will immediately call for your license card. Be sure you have it with you whenever you sit behind the wheel. It is prima facie evidence that you are qualified to operate a car. Its absence will render you liable to a fine and also may be interpreted to mean that you are not a competent driver! Do not lay yourself open to inconvenience and needless blame.

Application forms for new or renewal licenses may be secured from the Department of Public Highways, Motor Vehicles Branch, from any of the Department's Agents throughout the Province, or from any Licensed Garage. If you seek a renewal, have your license card of 1929 with you. If you have lost it, a duplicate will be issued by the Department on payment of 50 cents. New and renewal Licenses are issued by the Department
