Eyelashes.

Have you long eyelashes? If you are probably rather proud healthy little ones. While a normal baby's eyelasnes grow about an eighth of an inch during its first year, tiny sufferers from infantile diseases have at the end of twelve months lashes twice as long. These discoveres were made in a hospital attached o one of the Imperial Universites. Over 7,000 children were examined during two years. But no explanation has yet been suggested.

Lincoln's Death Chair. The old black walnut rocking chair in which President Abraham Lincoln sat in Ford's Theatre, Washington, April 14, 1865, and in which he was assassinated, has been sold at auction for \$2,400 in the Anderson Galleries, New York. The purchaser was I. Sack, a dealer, of New York and Its sale followed shortly after Lincoln's famous letter of December 30, 1861, to the editor of the New York Times on the slavery question had gone under the hammer for \$7,500 to Dr. A. S. W. Rosenbach. The Lincoln chair passed from the ownership of Mrs. Blanche Chapman
