Evening and Night Long Distance rates on Local time

> TOR the convenience of users of I our Long Distance service, the reduced rates on Evening and Night "anyone" (station-to-station) messages are based on the time in effect at the originating point.

> The reduced Evening rate applies at 7 p.m. local time, and the Night rate at 8.30 p.m.

This change, applying local time instead of standard time where Daylight Saving is in effect, was inaugurated three years ago and proved a great convenience to our Long Distance patrons.
