ALTERATIONS IN SALES

TAX PROPOSED Numerous changes in the operation of the sales tax are foreshadowed, fol. mirable condition of rose-mindedness lowing the conclusion of the debate on the tariff board bill, if it is concluded, when budget resolutions are taken up in the house. The tax as is well known, is increased from one to is described as a "healthy" list of exemptions. It has been found that the necessities of life which were exempted at the start cover a much wider list than was then specified It will be enlarged accordingly. some things the tax, while applied, reference is made, in the article, to men to try to be beautiful. There will not be to the full extent In regard to the tariff the changes

will be mainly by way of adjustment, covering, for example, cases where there is an increase on raw materials with no compensating allowance for the finished product.
