Clever French Gypsies

Prey on the Ignorant Superstition still flourishes in France as a thriving commercial proposition, despite the advance of general education. Apparently any gypsy with a fluent tongue can make an easy though dishonest living. The latest example is reported from a village near Amiens, writes the Paris correspondent of the London Daily Telegraph, where a tradeswoman, Mme. Dobersecq, has been swindled of \$1,200 by two for-

The first gypsy appeared under the guise of a hawker of lace.
