5 Tubes

Five tubes actually do the work of seven

and do it more efficiently in these new Majestic

Models. The "224" tube acts both as oscillator

and detector—a new double function never

before introduced in a radio set - thereby

eliminating one tube. The new "247" tube

has a power output equal to two ordinary

"245" tubes—thus eliminating another tube.

Saving these two tubes saves dollars for you!

Majestic first introduces in these radios the

new "Spray-Shield" Tube - entirely self-

shielded—eliminating the usual metal shield

"cans." Another absolutely unique develop-
