In the Middle ages everyone knew the story of the saint's journey and mids built of stone. I am as much skin color is light transparent it is found in manuscripts of all languages in western Europe. Columbus himself, or his brother some say, went to Galway for further information before sailing in 1492.

Even after America was discovered the old legend was still believed in, for as late as 1721 Spain sent vessels in search of St. Brendan's island and English charts long located it in the Atlantic. Many Americans visit Galway, but few know the tale of the Irish saint who called America paradise.
