GO TO CHURCH ON SUNDAY

"Repent ye" were the words that John the Baptist hurled at the people of his day and generation. "Repent from the wrath that is to come," was the warning. The wrath of God has broken upon this generation, and the warning of John has passed unheeded. We have, however, the unconditional invitation of Jesus to receive not only comfort from on high, but also to receive power through the Holy Ghost. "Take my yoke upon you, for my yoke is easy, and my burden is light," said the Lord. Jesus demands that whoever will be His disciple must take up his cross and follow Him.

For some time past man has put God in a secondary place in respect to the experience of life. At present some have ignored the Almighty altogether. The result is hell on earth with ill among men. It is imperative that we return into the Lord's presence, and be freed from the wrath that is upon us, but to establish peace and harmony among the nations. The first effort in that direction is to remember the Sabbath Day, and to keep it, as a memorial of our covenant with the Lord, as a sign of our devotion to Jesus which is in spirit and in truth involving our intelligence as well as our feeling. Through the power of the Spirit the world can be made a better place to live in.

We must remember at this time that the only institution within Germany that has challenged Hitler's supremacy is the Christian church. The German Reich has Nazi science, art, economics, education and religion. The Christian Church alone has resisted Hitlerism within his own citadel. The blood of the martyrs, soldiers and civilians alike, is not only the seed of the church, but of civilization as well. The church and the Allied armies stand for the same principles of justice, liberty and peace.

During the war of 1914, the government of this country put forth a supreme effort to conserve food supplies, war material, and above all human life and moral power, by prohibiting the sale of intoxicating liquors, curbing crime and treason. The Christian church not only conserves human values, but creates personal power and moral force, by spiritual inspiration.

It has been at critical times in human history that the Christian church has thrived because it offers what the world needs most. Are you doing your bit in this cause that our youth have enlisted unto blood to accomplish?

To the Ratepayers of Trafalgar.

Trafalgar township council has purchased a fire engine at a cost of between \$5000 and \$6000. Mr. W. H. Morden has offered a lot free on Colborne St., Oakville, on which to build a fire hall and cistern. Mr. Morden says if Oakville had a fire we could help out with our equipment and Oakville will benefit in taxation.

If Trafalgar council got out specifications and advertised for tenders for truck, chassis and cab they would have saved more money than Mr. Morden's lot is worth. A lot can be had free of charge at Trafalgar and Drumming, also one at Acton. Cornes and free taxes for 1939 paid up and \$100.00 donation. The ratepayers of north Trafalgar have paid to Toronto-Hamilton highway for years and now they can pay for fire equipment.

RATEPAYER.

According to the Department of Agriculture there are four million hogs in Canada—not counting the motor- cars to drive up the centre of the highway every time we want room to get by.
