Salter: "I shall bring my projector and slides, trusting the pictures and message will be a blessing. We shall have 50 slides, 20 of which will cover the Jewish work being carried on by the mission, and the balance showing the work of the mission. Also one or two pictures show the superstition of the continent, a few show the customs and then comes the actual work being carried on with a definite spiritual application based on the war. The slides are almost entirely natural colored. These slides show Europe's spiritual condition. Everyone welcome."
