

REVIEW YOUR WILL

From time to time the results of the failure to make a Will or to revise an existing Will come very forcibly to our attention. Changing conditions can materially alter circumstances and while a Will made years ago was satisfactory then, it may be an entirely different matter now.

We strongly recommend that you review your Will at intervals. It is a practice which many follow and the soundness is beyond question.

We would be glad to have you consult us in confidence with regard to your Will or your Estate.

TAX SALES

To the Editor of the Champion:—

We are to have another tax sale, and I wish to express the opinion that when a town takes people's property from them at less than the property had been assessed for, it is robbery. It may be legal, but it is legalized robbery. The assessment is the town's own valuation on a property, and if the town wants to take over, either for any other reason, it should be willing to give that amount for it.

When a town sells or takes over a property for taxes, if the amount of taxes due is not as much as the assessment, it should pay the difference to the owner, and if the town is not willing to do that, it should let the owner keep the property until the amount of taxes due accumulated to the full amount of the assessment.

A town should be ashamed to take poor people's houses from them for less than it had been charging them taxes on.

MILTON GOSPEL TABERNACLE

WHAT SHALL WE BELIEVE?

Christendom is full of conflicting utterances and doctrines. Some preachers say, "The bible is God's word, and some of the other things." The Rev. Greenfield elaborates on the beauties of nature, down the road the Rev. Doyoubeet informs you confidently that if you try to live a good life and do all the good you can everything will turn out right in the long run; and in the next street the Rev. Fortnally says that if you pass through certain formalities, God is assured and nothing more is necessary. Then there are so many "fancy religions" and "isms" that seem to grow up like mushrooms all around us in these days. Above the din of this contradictory babble of pronouncements perplexed young people are asking: "What in the world are we to believe? One says, to have, and another to have, to whom shall we go for real truth? Here is God's answer: "He that believeth on the son of God hath the witness in him; he that believeth not the witness in him; he that believeth because he hath not believed in the witness that God hath borne concerning His son and the witness is this, that God gave unto us eternal life, and this witness is the blood of Jesus, which is the only sure basis. We are not left to flounder around in the waters of human conjecture, for God has spoken. The bible is God's last word, with all the authority of the Godhead behind it."

CANADIAN CLUB

Mr. Tracy Phillips, the speaker at the regular monthly banquet of the Canadian Club of Milton last Friday night was one of the best speakers the Club has had since its inception. Although he spoke for over one hour and a half the address was heard with intense interest and the members would have liked him to have spoken longer.

He was qualified to speak on the present situation in the near east as he has been in that district every year for the past twenty years.

He took his listeners on a journey from Russia, through Romania, Italy, Greece and Turkey, and the whole of Equatorial Africa. He was in Italy as late as March of his information was such as to inform all in attendance of the local feeling and trend of events in all the above countries.

The Canadian Club, of Milton, is to be congratulated for obtaining such fine speakers for its members.

RED CROSS SOCIETY

In announcing that the Milton and District Red Cross Society has exceeded its objective of four thousand dollars for the National War Appeal, the executive of the local branch on behalf of the Canadian Red Cross Society wishes to extend the most sincere thanks to the officers and members of the campaign committee, to the district conveners and the convassers whose efforts were responsible for the success of the drive. A hearty vote of thanks is also given to Mr. W. B. Clements for the use of the store on Main Street as committee rooms, to the Milton Hydro Electric for wiring, to Mr. V. There are any amount of people who accumulate gloom, go into a corner with it and mistake it for sanctity.

There's so much good in the worst of us. And so much bad in the best of us. That it hardly behoves any of us to talk about the rest of us.

King Leopold of Belgium walks as a lonely and dejected figure behind his garden walls. Unseen lies the head that wears the crown—unworthily.
