

The Canadian Champion

MUNICIPAL ELECTIONS

Following are the results of the municipal elections held in Acton, Burlington and Georgetown on Monday last:

ACTON:
School Trustees (three elected)—V. E. Rumley, 311; J. H. Boyd, 289; F. S. Blaw, 220; W. G. Fraser, 220.
Two-year term—For, 182; against, 258.

BURLINGTON:
Reeve—John Blair, 355; A. A. Allen, 324; Rex Hume, 241.
Council—(six elected)—E. W. Smith, 610; W. G. Fraser, 609; W. Johnstone, 581; C. E. Palmer, 557; E. R. Leather, 536; John Wilkinson, 395; J. G. Reburn, 319.
Two-year term—For, 491; against, 387.

GEORGETOWN:
Council—Ward 2 (two elected)—Jas. Castigan, 158; Clifford Bradley, 153; R. T. Cave, 130.
Two-year term—For, 197; against, 121.

NOTE AND COMMENT

Not since 1878 has there been such a heavy fall of snow as we experienced Saturday last. It makes us wonder if we will have a long winter.

It is the duty of all electors in Milton to attend the nomination meeting to-morrow (Friday) evening, Dec. 6th, at 7:30 for the forthcoming election on Monday, Dec. 10th.

Do you know that W. A. Hewitt has been a secretary of the H.A. for thirty-seven years, and has no thought of retiring yet.

Nothing worse can be said about a person than that he or she is poor pay, and nothing nicer than that he or she is real good pay. There's a BIG difference, isn't there?

Some of the STOP signs about town receive little attention from motorists. Can it be that the letters are not large enough, or what is the reason for not obeying the law?

Municipal elections are held in this county on three different dates. We would suggest that the elected representatives get together during the coming year and agree upon a uniform time. There are indications that some of our municipalities will elect their council for two years, while others continue to elect every year. Better if all were elected on the same day and for one year.

CANADIAN CLUB

Speaking at the Canadian Club here last Friday night, S. K. Ratcliffe, London, England, noted journalist and lecturer, and past assistant editor of the "Calcutta Statesman," spoke on "Britain's Supreme Ordeal." He vividly outlined Britain's defence program since the early part of 1933, saying "it is wrong that the press lead us to believe London's evacuation of women and children did not begin in the early spring of 1933. The authorities began early in that year, started transferring departments and civil servants to the country before war was declared. Large corporations took their business to old estates or to whatever place they could convert into an office." Then when war was declared the Government carried out its evacuation of women and children. He told of life in London during the blackouts, saying "the tubes are the most efficient underground protection in the city." He suggested that the blackout have joined families into a truer home life and that one had to find his way about the city the way their ancestors had during the dark days of the Middle Ages. He said that a recent letter received from his daughter living in southern England, he quoted: "The whole country is behind Churchill and we never had such a government as the present minister in the history of England."

The speaker was introduced by Rev. John B. Moore, who told of his coming to this country, yearly for his or twenty years and being an annual speaker to the Canadian Club at Montreal. His Honor Judge W. J. Munro ably moved a vote of thanks, which was seconded by Dr. F. E. Haddock.

LETTER FROM OVERSEAS

The following letter has been received at the Children's Aid Office, Milton, from Warrington T. Cope, a former ward of the Society, who has been in and around the Milton district some years ago.

Nov. 8th, 1940.
Care H. M. C. S. Husky, N. O. I. C., Sydney.
Dear Mr. Thompson:
I hope this letter finds you. It has been a long time since I wrote. The last time was when we had peace but now we are at war and I am in it too. I have been in the navy now for one year and one month. I often thought of all you people back where I started life. My job in the navy is a special one. I am strictly Diesel. I have never been on a steam pocket since I joined. Being in the Imperial Oil Tankers it was not hard for me to get into the navy, and I like it very much, although it is as much at times as it is now it is plenty tough. I am at sea right now, as I write, I can't tell you much about our war work, but I suppose you have read a certain amount about what we are doing.

I think if I remember right you were in the last war. Well it is my turn now, and with God's help I shall do my bit. I am on convoy work at present and we get a certain amount of excitement.

The Navy has thought enough of my work to send me to B. C. for a special course in Diesel and in commanding men. I expect any day now to get my rating from Ottawa, which will make me a Petty Officer.

Well, I shall uphold the Children's Aid Society, which gave me a start in life and I don't think they shall be ashamed of me. I never dreamed I could advance so fast in the navy, but it only goes to show what one can get if he goes all out.

Well I shan't write a long letter until I hear from you, and the next time I shall write a longer letter.

I remain, your friend,
"Warrington T. Cope."

Auction Sale Register

Auction Sale of Farm Stock, Implements, etc., at Clarkson, Jays, Lot 7, 3rd Line, Esquimaux, on Tuesday, Dec. 17th, at 1 p.m. T. F. Chisholm, Auctioneer.

Fear is the greatest enemy of mankind.

Many Mysteries Solved

In X-Ray Department

At Parkland hospital in Dallas, Texas, there is a small, prosaic-looking department where physicians, harnessing the mysteries of the Roentgen rays, are battling cancer, locating bullets and knife blades in pain-wracked bodies, finding unsuspected fractures, treating boils and in general making life easier for some 14,300 Dallasites each year.

It's the X-ray department, where more than 35 persons, most of them unable to pay, go each day with a cross-section of life's ills.

There were, for example, the recent cases of the two middle-aged men with indigestion. Both appeared at the hospital within a few days of each other, with unmistakable symptoms of indigestion and were referred to the X-ray department for study. Examination in each case showed a large lump, bigger than a man's fist, in the stomach. On questioning, both men said they had eaten green persimmons in December. As there is no digestive juice to dissolve green persimmons, they simply stayed where they landed, collected other food particles and started to cause trouble. Operations promptly restored the patients' health.

Their films show the location of bullets which must be removed by intricate operations. Sometimes their findings, because of the vagaries of the human body, go for naught, as in the case of the man and the moving slug.

This patient was admitted with a bullet lodged in his stomach. The X-ray department determined its exact location and an operation was decided on for the next morning.

When the hour drew near, doctors again examined the patient but no trace of the bullet could be found. The man watched them closely.

Finally, "Looking for the bullet?" he asked, picking up the bullet from a bedside table. He had spat it up during the night.

Do you know that W. A. Hewitt has been a secretary of the H.A. for thirty-seven years, and has no thought of retiring yet.

Nothing worse can be said about a person than that he or she is poor pay, and nothing nicer than that he or she is real good pay. There's a BIG difference, isn't there?

'Hot Dog Stand' Owner Sets Up Business Creed

Bushy Barnes read in the paper that the U. S. Chamber of Commerce "thinks every business ought to have a creed"—some kind of a motto or declaration of independence—something you hang on the wall. So he wrote himself one, one that he means to live up to and "maybe some other hot-dog stands will be interested." Here it is:

There's nothing scrubbier about a well-scrubbed joint.

Hungry people have short tempers. If you gotta growl at 'em, feed 'em well first.

The way I get rid of loafers is to keep bumming them for cigarettes.

It's a funny thing about making change. You lose a customer if you shortchange him, and if you shortchange yourself, he won't come back either—for fear he'll be recognized.

Don't talk as much as you listen. If you gotta have noise, turn on the radio.

Better do a cash business. Most of the folks who come in busted got that way from trusting some other stranger.

People are nice if you'll give 'em a chance to be. And you have to have a sourpuss come occasionally to remind you how nice most people really are.

Raw Food Craze
The raw-food craze is a form of the roughage fad. The average, normal individual may well eat some raw food daily. But in spite of occasional "freak" cases, the use of an exclusively raw-food diet is not conducive to the best state of nutrition. Many foods are more completely and easily absorbed if cooked. Vegetables are not only made more appetizing by cooking, but what is still more important, the starch cells under the influence of heat burst and permit the digestive juices to reach the contained starch.

The words of the wise man, "To everything there is a season, and a time to every purpose," may well be applied to the use of foods. There is a place in the diet for concentrated foods as well as for moderate amounts of roughage. Difficulties result from the overuse of either.

Water Samples Hobby
A liner on its way to America once carried in its hold a number of large crates, each packed tight with bottles containing discolored water. This was a collection amassed during a number of years by an enthusiastic American, who claimed to have samples of water from all the big parts of the world and also of many of the lakes and inland seas. It is doubtful whether a collection of this sort can have any value, scientific or otherwise, but the man responsible was most proud of it. Queer cargoes of this type are sometimes heavily insured as this one happened to be.

Icing on Planes
Airlanes passing through clouds frequently gather coats of ice, sometimes to the extent of half a ton. Among protective devices to prevent icing of airships, the most successful are rubber bags that extend along the leading edges of wings and steering fins; alternately blown up and collapsed by a pump, they break the sheets of ice that form on these edges. The propellers are kept ice-free by anti-freeze solution slung from their axle.

ORILLIA GIRL JILTED GETS \$400 HEART BALM
Barrie—A supreme court jury under Mr. Justice J. A. Hope on Tuesday awarded Miss Ella M. Oakley, 25, domestic, Orillia, \$400 and costs on the Supreme Court scale, in her action of breach of promise for marriage against Lloyd Laughlin, 35, labourer, Orillia. The award included out-of-pocket expenses of about \$65 spent by Miss Oakley for furnishings, and equipment for the home and part of her equipment, prior to her intended marriage. On June 1 he went to the Town Clerk's Office in Orillia and purchased a marriage license. The date had been set for June 29th. She had been the guest of honor at two showers, one in Orillia and the other in Weston.

Sam MacIna, who owns the Uptown Theatre, Oranville, has bought the Berford Theatre, Warrington.

DEALERS WANTED
Distribute 200 Familex necessities from door to door. There is a demand for toilet articles, medicines, alimentary products, cleaners, etc. Self guaranteed satisfaction or money refunded. Read profits with your first sales. Increase your list of customers every day. Try this independent business without risk. For details, communicate with G. St. George, 570 St. Clement Street, Montreal.

Italy begins to resemble the flat tire of the Axis vehicle.

Glimpses of Parliament

Monday, Dec. 2nd, 1940

Monday of this week saw the finish of the detailed report to the Canadian people by our War Ministers of Canada's war effort, with a summary by the Prime Minister, Mr. Kings, whose utterances were prompted by a request of Mr. Hansons last Thursday in which he said: "I do feel that the situation to-day in the theatre of war over there is just as serious as it is at home."

The virtual destruction of the cities of Birmingham, Bristol and Southampton, the loss of shipping as evidenced by press reports, and in particular the utterances of the Marquis of Lothian, with respect to Finance, indicated the seriousness of the position.

Mr. King in replying to this statement urged the members of the House to use great care in their public utterances and stated that the admission by the Leader of the Opposition of the "virtual destruction" of the cities of Birmingham, Bristol and Southampton, was not only inaccurate, but was an admission which would bring joy to the enemy. He said that while serious property damage was inflicted on the actual fires did not destroy anything more than serious civilian property loss. Birmingham has a population of 415,000 people; Bristol has over a million inhabitants; Southampton, 400,000 and Coventry 200,000. Though the destruction in Coventry was much more severe than in any other cities above mentioned, there were only 460 deaths and no serious damage done to any war industries in that city. As to the loss of shipping during recent weeks loss of British shipping has been greater than the amount of new shipping which is being built in the Old Country, but Canada and the United States have both received orders for merchant shipping. Eighteen merchant vessels are to be built here this coming year. As the present situation dealt with by Mr. Pelletier, Bill Meredith and Bill Moore were home for a short visit on Saturday.

ASH
The Literary was held Friday evening, Nov. 29. The program consisted of a reading by David Pelletier, an instrumental by Mrs. L. Gowland, a quartet by Mrs. Hadley, Mrs. Weidner, Mrs. E. Gowland, assisted by Mrs. L. Gowland. A very interesting talk was given by Geo. E. Elliott, of Milton.

L. Adams has returned home after spending many weeks in St. Joseph's Hospital, Hamilton, as the result of an automobile accident.

Miss Betty Beatty spent the past few days in the coming year. As Joe Pelletier, Bill Meredith and Bill Moore were home for a short visit on Saturday.

Miss Vera Mears has returned home from a hospital after a successful operation. Her many friends are glad to hear she is well again.

CAMPBELLVILLE
The annual meeting of the W. M. S. of St. David's Presbyterian Church was held at the home of Mrs. R. C. McCallum, Campbellville, on Dec. 1st. The election of officers for 1941 was then proceeded with, which resulted in the re-election of the old officers. Mrs. Alex. Moore then read a very interesting report on "Life in India," which honor was paid to our oldest member, Mrs. Patterson, on her 85th birthday. She was then presented with a Life Membership Certificate from the Ladies' Aid, after which she enjoyed a piece of her birthday cake and a cup of tea. Rev. Frank Lawson then closed the meeting with prayer.

ZIMMERMAN
The W. A. will hold a parcel post in the basement of the church on Wednesday, Dec. 11th. This was postponed owing to road conditions.

The W. A. will hold their monthly meeting on Thursday, Dec. 12th, at the home of Mrs. E. G. Riddolls.

These members are all in extra good shape.

FURNITURE—2 dressers, 2 iron beds, 2 rockers, extension table, 2 bar-top tables, writing desk, washstand, gramophone, barrel churn, dash churn, butter bowl and ladle, milk pail, strainer and plunger, organ, perfection coal oil stove.

Everything in the old without reserve in order to wind up this estate.

LOWVILLE

On Saturday morning last in Milton

the late occurred very suddenly of Mrs. Laura Archibald Koella, widow of the late Norman Koella. Mrs. Koella was born in Milgrove, later living at Carlisle before moving to Lowville twenty-one years ago. She was a member of the United Church and was highly esteemed. Mrs. Koella leaves two daughters, Mrs. Maurice Readhead and Mrs. Mervyn Coulson, both of Lowville, and three sisters, Mrs. Robbins and Mrs. McWhinney of Hamilton, and Mrs. Crocker of Toronto. The funeral was held on Monday afternoon from the home of Maurice Readhead to Hamilton cemetery. The services were conducted by Rev. E. C. Riddolls and the pallbearers were Chas. Readhead, E. M. Readhead, Geo. Bradt, E. B. Coulson and F. W. Harbottle.

The meeting of the Y. P. U. of the United Church was postponed this week on account of snowy roads.

The annual meeting of the W. M. S. of Birmingham, Bristol and Southampton, was not only inaccurate, but was an admission which would bring joy to the enemy. He said that while serious property damage was inflicted on the actual fires did not destroy anything more than serious civilian property loss. MEANEST THIEF ROBS SOLDIER'S FAG BOX

Brampton is trying to locate its

meanest thief who robbed a collection box containing funds to purchase cigarettes for soldiers overseas.

A few weeks ago the young men's Bible Class of Christ Church of England placed a box in the church vestibule where members of the class could drop their odd coppers and nickels for a fund to send cigarettes to soldiers overseas. The church is left open, and some time in the night a thief smashed the box and removed the contents. The box was jumped upon, president Fred Bacon believes. The box had not been opened since it had been placed in the church and the value of the contents is unknown. Chief of Police A. Horkes is investigating.—Peel Gazette, Brampton.

CHRISTMAS HOLIDAYS

The Christmas and New Year's holiday season in the schools of the province is to be of unusual length, being from December 20th, 1940, to January 6th, 1941, the entire holiday period being sixteen days in duration and including three week-end days. The Christmas and New Year holiday season of 1939-40 was of eleven days' duration.

A turn in the war is noted, as events in the British, and the Nazis take their comfort from speeches.

Auction Sale

The undersigned has been instructed by the executors of the estate of **HERBERT C. STEPHENS** to sell by public auction at his late residence, Lot 31, Con. 3, south of Dundas Street, Toronto Township, on No. 2 Highway, on **TUESDAY, DEC. 3rd, 1940** at 1 p.m., D.S.T., the following:
