#### All Last Year's Councillors Re-elected--By-law De-

feated and 2-year

In the Milton municipal election Mr. Hume, that Mr. Wm. Deans, the proposed two-year term for the secretary of Old Age Pensions and council was voted down by 243 to 212.

A by law proposing the resurfacing and widening of Main street did not meet with the approval of citizens and was defeated by 185 to 109. Despite unfavorable weather con

ditions and the fact that both the mayor and reeve's offices were filled by acclamation, a fairly heavy vote Mr. Wilson that the tender of Bur-All of last year's councillors were re-

elected. Results of last Monday's election are as follows:

#### NOTE AND COMMENT

The fact that this year's councillors were all re-elected for another term goes to show that the electors were well satisfied with their work during the present year. George H. Dawson headed the poll, which means he will CADI WOULD GLADLY occupy the mayor's chair in 1942.

#### COUNTY COUNCIL

The final meeting of Halton County Council was held in Milton last Tuesday, followed by the Warden's Dinner at night. Minutes of the last meeting were read and confirmed and communications read by .... clerk.

The following resolution was passed by council at their last meeting, bu withheld from publication until such time as it had been received by the proper authorities. It was moved by Leslie Kerns and seconded by W. N. Gilbert, and was as follows: "The Canadian people are anxious

Evidence of Prehistoric Man Mammoth cave in Kentucky has had world-wide publicity for much more than a century and has yielded many evidences of the fact that it was known and frequented in prehistoric times by the race of man. Most significant of these evidences is the pre-Columbian mummy of an Indian miner discovered in 1935. It constitutes one of the most spectacular of the many marvels to be seen by visitors to that subterranean wonderland. Mammoth cave is included in the great chain of more than 140 areas which make up the national park system. Although the subterranean labyrinths, with their amazing stalagmites, stalactites and gypsum flowers, are the most spectacular features, above ground also the park possesses many attrac-

Too near, it turned out; the club's application for a liquor license was denied by the state liquor authority, on the ground that the premises were illegally close to an educational institution. Their brains whetted by thirst, the faculty studied the situation and found, with the aid of adroit counsel, that the law applied only to a building used exclusively for educational purposes and that a second tenant would take the curse off the premises.
