Live Stock Meeting Largely Attended at Milton

Dr. G. H. Huffman, of Michigan State College at East Lansing, Mich., delighted the large audience which attended the session held in the Milton High School auditorium on Saturday last, under the auspices of the five Halton agricultural organizations. Dr. Huffman in his address upset many of the long established beliefs in regard to the feeding of dairy cattle. "Unfortunately," humorously stated Dr. Huffman, "cows can't read out text books and our well established theories just don't work out."

At the conclusion of the meeting, which was in charge of Edwin Harrop, President of the Live Stock Improvement Association, a vote of appreciation was extended to the speaker by J. H. Willmott and W. H. Biggar, which was heartily concurred in by the large audience.

Farm Management Course Scheduled for March

Plans are now underway to repeat the two-day Farm Management Course held last March in Milton, States Agricultural Representative J. E. Whitelock. The event last spring was so highly endorsed by those who attended that a special effort has been made to have it repeated. Only twelve such courses are being held in Ontario this winter and Hornby has been selected as the Halton centre on January 10 and 17. The course is specially designed for farm operators and we understand that the older farmers are especially urged to attend.

RED CROSS

(Intended for last week.)
The Christmas tea that was held at the home of Mrs. Gordon McKenzie, in aid of the Red Cross, was a most delightful event for all those who attended. The decorations both in the living room and the dining room were most attractive and in keeping with the festive season. Candles and a miniature Xmas tree made the tables a pretty sight to gaze upon while enjoying the dainty refreshments. We would like to thank Mrs. McKenzie and all those who helped to make this tea such a success.

SECRET MEETING BACKFIRED

(St. Catharines Standard)
Increase of \$50 per month, made retroactive to January last to the school inspector at Stratford, caused a deluge of letters to the Stratford Beacon-Herald. It was made in committee behind closed doors and the reporter picked up the news by accident. It is far better to have public business conducted in the open so that such a salary increase can be explained to the ratepayers. As a rule, the public is fair in such matters.

THEY OUGHT TO KNOW

Three leading United States doctors have proposed that every bottle of liquor sold in the United States should be labeled with a narcotic drug and be highly harmful. They also maintain that alcoholism is 1000 times a greater problem than any other narcotic drug.
