

WHY WASTE PAPER
(Goderich Signal-Star)

Every newspaper office is flooded with bulletins and circular letters "released for publication" which, if used, would fill the columns of the newspaper every week without leaving any room for local news or comment. Most of the "literature" goes into some handy receptacle without even being read, and we wonder why firms seeking free publicity in this way go on spending money for writers and stenographers to produce it or even pay the postage charge on it. If they would take the trouble to look through the columns of the weekly newspapers they would see how little of it is used. One of our contemporaries calls it not only a wasted effort but a "darned nuisance." In this office we keep a deep desk drawer in which the stuff is placed, and when we want some "copy paper" we delve into the drawer and write on the unprinted side of the sheets, instead of using blank paper which costs us money. So the efforts of those who produce this free publicity literature are not wholly wasted.

CITY BOYS FOR FARMS
(Simcoe Reformer)

In just a few weeks a large number of Ontario boys in their late teens will be on their way from the city to the farm. Encouraged to do so by the Ontario Government, these lads will approach their experience with a feeling that they are doing something of a service to their country. Practically all of them will be green and awkward at their new jobs. Many of them will miss at first the excitement of city life. But if they approach their work with the idea that they are taking the places of the young men from the rural areas who have enlisted in the armed forces and others who have the ranks of industrial war workers, they may apply a seriousness to their tasks that will make them useful to harassed farmers. Without doubt, a large number of these boys will take back to the city next fall a new appreciation of the meaning of hard work. Several of them should get a new slant on an old truth, that in order to produce anything worth while, one must put real effort into the process of production.

The Most Popular Girl

The girls have always sought the quality called "glamor." They still need it in any kind of a public career, as stage or movie or musical stars. In personal contacts, certain powers of achievement and leadership seem necessary. The girl who smiles most bewitching smile and get the men all stirred by her flirtatious ways, but if she can't do anything well she won't be called so wonderful. She needs to be a bright and intelligent talker with a sense of humor and ability to hold her own in the persi flag of the hour. She needs to play games well, dance, and sing, and perform well on some musical instrument, etc. The girls may say they are so busy earning their own living that they have no time for these things. Perhaps so, but many of them were ted enough time in their school days so they could have perfected themselves in some such art.

Burning Up The Woods

It used to be said of a young man if he was not very bright, that he would never set the river afire. There are plenty of people who manage to set woods afire, and without effort on their part. From many localities come the news of forest fires. In some sections they seem to occur on a rather large scale every year. Perhaps some of these fires start from sparks coming from locomotive engines, but probably most of them come from the carelessness of people who throw away burning cigarettes or from people who start fires in the woods and fail to drown out every spark. It takes 50 to 100 years to grow a forest, yet some careless person who fails to exercise his brains can burn them up in a day. If persons can't handle fire better, they should remain in city walks where at least they can't set the concrete ablaze.

LORNE SCOTS GO TO HAMILTON
(Brampton Conservator)

The recently mobilized First Battalion of the Lorne Scots, headed by Lt. Col. R. V. Conover, left their respective company headquarters in Peel, Dufferin and Halton Counties on Saturday, for their new quarters at Standard Barracks, Hamilton. The Battalion contingent paraded early on Saturday morning, and marched from the Armouries to Gage Park where they loaded up for Hamilton. Due to the little publicity given the time of departure there was not a large crowd to see them off, although many relatives were at the Armouries and the park to bid farewell to their husbands, sons and brothers. Reports from Hamilton reveal that it did not take long for the unit to get settled in their new quarters. Letters received from Hamilton this week express keen satisfaction with the quarters and particularly with the food served. The unit has already started an intensive training campaign. It is expected that many of the boys will be seen in town this and succeeding weekends when the first week-end passes are issued.

KEEPING A JOB

It is becoming easier to obtain a job, but keeping it is perhaps a harder. When the world pays anybody money for his time, it expects good honest work, loyal effort, and some appearance of enthusiasm. People who go about a job in a listless, indifferent way are not likely to keep it. They should act as if they liked their job. They should try to make good. They should try to learn all they can about it. If the job is selling goods, they should try to learn all they can about the goods, so they can talk intelligently about them. If they are working in some shop, they should try to learn how to do the work in the best possible way, and how to avoid mistakes. The world has little patience with the folks who don't try hard to make good.

STILL SEEK RECRUITS

Recruiting is being continued until the required number of men have enlisted. At the Georgetown armories, Milton and Acton recruits are being signed up. It composes Class C of the Lorne Scots (P.D. and H. Regiment). This is under the leadership of Lieutenant Paul Barber, of Georgetown.

A Toronto paper says "Now we have stacks of taxes." However better taxes than axes.

POLICE ATHLETE
BADLY INJURED

CRASH OUTCOME
Motorcycle Constable Charles Gilbert, formerly of Milton, crack sprinter of the police track team, had his left leg crushed and head seriously injured on Monday in a collision with a truck at St. John's road and Beresford avenue, York Township. He was taken to Toronto General Hospital after follow-up officers and an ambulance crew had given him first aid.

The policeman was riding his motorcycle east on St. John's road, one block outside the city limits, when the accident occurred. The impact threw him and his motorcycle 25 feet in the air and he landed on Beresford avenue, south of the intersection, with his wrecked machine on top of him. The truck involved in the collision was driven by Paul Hogan, Rogers road, and had been travelling south on Beresford avenue. St. John's road at this point is a through street, police say.

Gilbert has distinguished himself several times since he joined the force by making arrests in major crime cases. He is also an outstanding athlete and has won several awards in Toronto, Montreal and Detroit police meets.

Police were unable to explain why Gilbert was outside the city limits, but believe that he was probably going to work. He was admitted 21 minutes after the call had been received for an ambulance.

WHAT WE WILL OWE!

When the present struggle is over this Dominion in general, and Milton in particular, will owe a debt of gratitude to the men and women who are giving their services in the fighting forces. Young men from this district are now seeing service in England and with the Canadian forces at home. Only recently a number of new volunteers left town with the Lorne Scots Regiment. Halton's own regiment, Milton is proud of their young men, and women too, who have enlisted in the support of freedom and democracy. But all are not privileged to be in the front line of defence—some find it necessary to serve on the home front. To them, too, our gratitude will also be owed. Citizens who are devoting their time and energy to Red Cross work, the collection of monies and other work which the country must have during the war. These citizens rally to the cause of the War Services Fund, the War Savings Fund, and next month they are preparing to sell another group of war Loan Bonds. These conscientious Canadians deserve much more thanks than they actually receive for the work they do.

Halton Presbytery
Elects Officers

Meeting at Lowville on Tuesday of last week, Halton United Presbytery supported two calls, one from Acton to Rev. A. W. Fosbury of Elmira, and the other from Georgetown to Rev. R. C. Todd of Lockwood. The annual election of Presbytery resulted as follows:

Chairman, Rev. A. O. W. Foreman; Secretary, Rev. R. F. Mercer; Treasurer, Rev. D. A. Facey; Pastoral Relations, Rev. D. H. Gallagher; Christian Education, Rev. R. O'Brien; Property, Rev. H. S. Lovering; Home Missions, Rev. C. Hackett; Mission Education and Foreign Missions, Rev. R. Albright; Publications, Rev. E. Rid-dolls; Archives, Mrs. H. Ingelhart; Evangelism, Rev. J. S. Bole; Moderator, Rev. C. Hackett; Missionary and Maintenance, Rev. D. H. Gallagher; Settlement Committee, Rev. J. O. Totton.

The above officers commence their duties with the pastoral year. Plans for the annual sessions of Hamilton Conference were outlined by the Acting President, Rev. D. H. Gallagher. Business meetings will be held at McMaster University and evening sessions at Melrose Church. Conference dates include May 27-31.

Remanded For Week
(Burlington Gazette)

S. J. Noonan, of London, who was charged with obtaining lodging at the Coronation hotel here by fraud, was remanded for a week, when he appeared before Magistrate Woodliffe at Milton last Wednesday.

W. Patterson, proprietor of the hotel, said the accused stayed four days and offered an advertising scheme for the introduction of a card system. He was to approach merchants, sell the advertisement and supply the hotel with cards at \$5 per thousand.

Evidence showed Noonan had obtained \$13.50 from six Burlington merchants, but did not deliver the cards. The accused stated the \$5 order obtained from Patterson was to apply on his board bill.

LOWVILLE

The Halton Presbytery of the United Church held their May meeting in the United church here on Tuesday last week with a good attendance. General business of the Presbytery was transacted. The new officers elected were: Chairman, Rev. A. O. W. Foreman, Ballinafad; secretary, Rev. R. F. Mercer, Appleby; treasurer, Rev. D. A. Facey, Bronte; Rev. J. O. Totten, the retiring chairman, was elected to the settlement committee. The Halton Presbytery of the W. M. S. met at the same time at the parsonage. Mrs. Earl Wilson, president of Milton, presided. New officers elected were: Treas., Mrs. Ross Segaworth; Secretary, Mrs. Bradford Clements; community friendship secretary, Mrs. Burdge Gunby; C.G.I.T. sec., Mrs. Hughes Cleaver; second vice-pres., Mrs. C. Shane; third vice-pres., Mrs. G. Fox.

Special Mother's Day services were held in the local churches on Sunday last.

CAMPBELLVILLE

Rev. Jamieson occupied the pulpit last Sunday. At the hospital it was stated that Gilbert had a compound fracture of the left leg and foot in addition to other bruises about the body. It was stated that he might lose the lower portion of his left leg. He was admitted to hospital in a semi-conscious condition.

The ambulance which took the officer to the hospital made an exceptional trip. He was admitted 21 minutes after the call had been received for an ambulance.

York Township police, following an investigation of the accident, laid a charge of dangerous driving against Hogan—Toronto Evening Telegram, Monday, May 12th.

ZIMMERMAN

The W. A., which was to have been held Wednesday, May 14th, has been postponed till May 21st.

OMAGH WOMEN'S INSTITUTE

The annual meeting of Omagh W. I. was held on May 8th at the home of Mrs. J. McDougall, Boyle, with 14 members and 1 visitor attending. In the absence of the president, Mrs. Geo. Dolby occupied the chair. Report of the various committees were given. The roll call was answered by "Ideals for our year's program." Mrs. Ken. McDougall gave two delightful addresses. A miscellaneous sale was conducted by Mrs. C. Tasker. The following were the new officers elected for 1941-42: Hon. Pres., Mrs. O.H. Turner; Hon. Vice-Pres., Mrs. W. McCarthey; President, Mrs. A. Ford; 1st Vice-Pres., Mrs. W. Ford; 2nd Vice Pres., Mrs. J. McDougall; Sec.-Treas., Mrs. E. Downs; Dist. Director, Mrs. I. Gould; Pianist, Mrs. R. Brownbridge; Auditor, Mrs. W. Bailey, Mrs. K. McDougall; Press Reporter, Mrs. C. Jarvis; Refreshment Convener, Mrs. W. Booth; Relief and War Work Convener, Mrs. H. Cavell; Flower Convener, Mrs. O. Downs; Finance Convener, Mrs. T. Colbeck; Current Events, Mrs. R. McCarthey; Health and Child Welfare Convener, Mrs. Howard McCann; Historical Research Convener, Mrs. B. Fotheringham; Educational Convener, Miss M. Maude; Agricultural and Can. Industries Convener, Mrs. D. Douglas; Community Activities and Social Events Convener, Mrs. K. McDougall; Home Economics Convener, Miss E. Crozier.

The meeting closed with God Save the King and a social half-hour followed, during which our hostess served ouch.

Scotch Block Women's Institute

On Thursday, May 8th, the regular meeting of the Scotch Block Women's Institute was held at the home of Mrs. James McChesney. The president, Mrs. McChesney, occupied the chair. The roll call, "Something I have learned from a Justice" was read and 6 guests present. Mrs. S. Love was appointed to look up all information on the saving of old rags, iron, brass, bottles, etc., for Canada's war effort and to report at the June meeting. It was decided to accept the kind offer of Mrs. H. Stalk to hold an afternoon tea at her home, "Craiglea" on May 30th. The program was in honor of Canada's poets. Four small girls of Peru opened the program by singing "O Canada." Mrs. J. Wilson, Elliott and Mrs. J. Neilson then read poems written by Canadian poets. Mrs. C. Hill and Mrs. J. McGibbon then conducted a contest entitled "A Clean Contest," and the winners, who received a box of homemade candy. The National Anthem closed the meeting.

Training for Marriage.

Social workers complain that people are carefully trained to earn their living, but there is very little training here for marriage, outside of courses in a few colleges. Yet it is as necessary for people to be successful as husbands and wives as to know how to work on such a job. When young people become old enough to be fascinated by sex, they should be given a clear idea of what marriage means. Anyone who enters into a marriage without having his or her own way is usually headed for a smash. If the intending brides and grooms can't get over that idea, they would better call the wedding off and send the guests home.

THE CANADIAN LEGION
IN DOUBLE ACTION

That the Canadian Legion never rests, is evidenced by the successful membership campaign recently concluded. Ex-service men have joined the Legion ranks by the hundreds. It is significant at this time that the ex-servicemen saw fit to join with their Legion comrades in an Empire cause—to help alleviate the plight of the war victims of bomb-torn England, to provide comforts to their own Canadian serving men and the continuation of service bureaus from coast to coast for the benefit of all ex-servicemen and their dependants, which includes the men discharged from the new army.

Further source of assistance through the branches has been found in the poppy fund raised each November by the Canadian Legion throughout Canada and which is kept entirely separate and used in no other way than that for which it is donated—to help all ex-servicemen requiring assistance in Canada.

Legion branches and auxiliaries have sent hundreds of thousands of cigarettes overseas and have pledged themselves to "carry on" this supply, along with other comforts, "till the boys come home." Over \$55,000 has already been expended on this special Legion effort, and from which the Toronto Clergymen's War Victims' Fund has benefited considerably.

Like in the days of old when chasing the Huns out of France, the spirit of self sacrifice is ever uppermost, ready to share the "just tag" with all that that implies.

WHY WOOD IS SCARCE

Wood piles in the yards of dealers are growing small, and in some places there is going to be trouble enough in trying to build them up. Several are quite candid in stating that the stocks will not be replenished. One dealer told of a man with whom he has dealt for years, and who generally supplied him with 800 cords, but this season 100 will be the limit. The reason is that the men who take out the wood are not in the bush, but have they been there in recent times. They are working in factories and some of them are in the army.—Peterborough Examiner.

Hear Address On
Brake Troubles

The big event of the monthly meeting of Halton Garage Operators' Association on May 1st was the educational part of the program provided by the Raybestos Brake Lining Co. Ltd., represented by Mr. W. H. McCarthy who gave a very instructive address on installation and the servicing of brakes, and also explained in detail some brake troubles and how to beat overcome them, which provided plenty of food for thought. A social half hour at the close brought one more evening to a very happy ending.

LORNE SCOTS RECRUIT
FOR SECOND BATTALION

Recruiting of the second battalion of the Lorne Scots Regiment will begin immediately, it was announced by Major L. Bertram, who has now been placed in charge of headquarters here. Col. R. V. Conover left for Hamilton, where the first battalion is in barracks. According to Major Bertram, there are from 300-400 men belonging to the regiment who did not sign up with the first battalion. These will be supplemented with new recruits in an effort to bring the strength of the second battalion up to 800.

You are needed now!
for
ACTIVE SERVICE

This is Canada's call to YOU! Men are now wanted to man the guns, tanks, armoured units; all the implements of modern warfare which the factories are producing in mounting volume.

It is a different war this time. When we licked the Hun before, men were recruited here to train in England, to fight in France. Now you are recruited and trained here; then go Overseas to join the stalwarts holding battle positions on the shores of Old England, or wherever the call demands.

The Canadian Active Army requires men for Artillery, Engineers, Signals, Armoured Cars, Tanks, Infantry, Transport and Supply, Medical, Ordnance and other branches of the Service. The Army is prepared to teach many trades, and to train you to efficiently handle Canada's weapons of war.

Go to your nearest District Recruiting Office. Find out about these Units; how they work, what they do. See just where you'll fit in. See where any particular skill you possess can best be utilized. Then join up for ACTION!

RATES OF PAY IN THE RANKS
\$1.30 per Day with Board, Lodging, Clothing, Medical and Dental care provided. EXTRA: (1) Rates varying from 25¢ to 75¢ per day for skilled tradesmen while employed. (2) Dependent Allowances in Cash.

Apply to nearest District Recruiting Station or any Local Armoury.

You Roll Them Better With
OGDEN'S FINE CUT
CIGARETTE TOBACCO

Reformer says every girl in short skirts is in danger. Yet every man looks after her.
History repeats. All reports indicate Hitler's victories fall to third a weary Germany, just as Napoleon's triumphs merely bored disinterested France.

S.U.S. history might have been very different, had one of Lindbergh's ancestors preached a similar brand of defeatism about 1770.
"Bein' clean and neat does some thin' to your soul. I never heard of a suicide that had just had a shampoo and a bath."—Walsh.
