MILTON, MARCH 11, 1943.

Appeal for Clothing for Russians

For the past two months the Canadian people have been giving practical expression of their unbounded admiration for our gallant ally through the Canadian Aid to Russia Fund, which has already exceeded the two million dollar mark. In addition, upwards of a million dollars worth of splendid warm clothing has been contributed by our generous-hearted citizens.

While we can well be proud of this fine achievement, we should bear in mind what Mrs. Winston Churchill said in her recent radio broadcast: "that even our best efforts are but a drop in the ocean of Russia's needs."

The intensive phase of the financial appeal is now ended and for the next month or so we shall concentrate on the clothing appeal. The central committee throughout Ontario have already given fine support in this branch of our work by issuing appeals to their citizens and placing public buildings, fire stations, police stations, etc., at our disposal as corporation depots.

The Earl of Glamis Chapter, I.O.D.E., have appealed to the citizens of Milton and district for clothing for the Russians.

The members of the Milton town council endorse the appeal and urge the citizens of Milton and district to render this kindly help.

Leave your gift of clothing at the T. Eaton Co.'s office, Main St., Milton.

CANADA CALLS FOR 35 MILLION POUNDS OF WASTE FATS

The lives of the United Nations' soldiers, airmen and sailors mostly depend upon the speedy response to this S.O.S.

Fats and oils are the raw materials from which glycerine is produced. Glycerine is the basic and indispensable ingredient in the majority of our explosives.

If everyone in Canada saves as little as two ounces of waste cooking fat in a week, it will produce the glycerine required for the gun powder to smother Adolf Hitler's bombers. There is enough explosive hidden in ten pounds of waste fat to fire forty-nine anti-aircraft shells.

In the past we have received most of our fat requirements from the far Eastern sources. Now cut off by the Japs—Cocunut oil and Copra from the Philippines—Palm oil from Dutch East Indies and Malaya—Tung oil from China—Perilla oil from Manchuria and Japan—as in so many other materials problems, this loss of our normal sources of supply of fats and oils is vitally important to our war efforts and economy.

Our problem is to replace all of this loss. It is being replaced by some imports from our good friends in Central and South America but the biggest source of all has never been fully tapped. That source is in our own kitchens. Needless to say, this Canada-wide campaign depends almost entirely on the home front—the continued efforts of everyone in Canada. This is a challenge to every Canadian housewife, restaurant and hotel owner for it is their job to see that this fat is saved out of Canada's frying pans and broilers— from the dripping of steaks and chops, beef and pork and lamb roasts, chicken and turkey, ducks and geese— must come fat for glycerine so urgently needed to make explosives for shells and bombs and to make charges to win the war—and that adds up to deadly proportions for Hitler and Co.

Waste Fats and Bones Are Needed!

You have a definite plan for disposal, namely: 1. Take fat and bones to your meat dealer who will pay you the established price, or 2. You can donate your fats and bones to your local Voluntary Salvage Committees.

You can continue to place your fats and bones for collection by your street cleaning department, where such a system of collecting is in existence.

Unless measures are taken to increase the supply of fats, Canada may be faced with a deficiency of thousands of pounds of glycerine for explosives.

We are confident that you and your friends will respond promptly to this important Canada-wide Salvage campaign for waste fats. You appreciate that this is not a one-man job and hence the appeal to you and members of your family and your friends.

"EVERY KITCHEN IS AN ARSENAL."

HORNBY

Owing to someone's mistake the wrong date was given in our correspondence last week in announcing the box social and auction sale in aid of the Russian Relief Fund.

Please note the date is Friday evening, March 12th and not March 27th. Let everyone plan to be there and help along this worthy cause. The place is Hornby Orange Hall.

The big week-end snow storm which cancelled all church services in this vicinity.

The women of all local churches are urged to attend the World's Day of Prayer service to be held in Hornby United Church on Friday afternoon of this week, March 12th, at 2:30 o'clock. Mrs. Grant Wilson, of Apsgrove, will be in charge.

Prayer is an observance which all christian women throughout the world will result in much good in many ways.

Miss Elvira Sibbald, of Merrilton, returned home to visit her father on Friday evening last. On account of the storm she left on Saturday evening to spend Sunday with relatives in Teronto.

LOWVILLE

Services in the local churches were cancelled on Sunday, owing to the condition of the roads.

The Women's World Day of Prayer will be held on Friday of this week in the United Church. The ladies of St. George's church and Zimmerman United church have been invited.

A quilting for the Red Cross will be held on Wednesday afternoon at the home of Mrs. J. M. Readhead.

TRAINING FOR THE NAVY

The Canadian navy has an extensive program of training young men for service as naval officers. These fellows learn technical subjects that will make them better qualified for peace time occupations. They will come under able officers who will inspire them with high standards of conduct and efficiency, and make them into real leaders of men.

Our navy has lived up to a very high standard, its men have been gentlemen who made a fine appearance and commanded universal respect. The navy's reputation for efficient and faithful performance. Such service will establish a man's mental fitness and practical gifts and qualifications to take responsibility.

MARRIED

GRANT-MAY

A quiet wedding was solemnized on March 6th by the Rev. John Riddele at the Presbyterian Church manse, Milton, when Doris Helen, eldest daughter of Mrs. May and the late Ernest May became the bride of John Frederick, son of Mr. and Mrs. Edward Grant, Cambridge, England. The bride wore a pale blue sheer street length frock with a corsage of pink sweet peas and white carnations with matching flowers in her hair. Her only attendant was her sister, Jean, who wore a pink sheer dress with a corsage of white carnations and blue orchids. Clarence Jackson was best man. The reception was held at the home of the bride's mother, who received in a green crepe dress with a corsage of mixed spring flowers. Mid showers of good wishes to the happy couple left for points west, the bride travelling in a navy dress trimmed with white and matching blue accessories. On returning they will reside in Hamilton.

SPECIAL NOTICE TO INTER-URBAN BUS TRAVELLERS

Since war started bus travel has increased over 200%. During this time Canada Coach Lines has endeavored to cope with the situation in every possible way until now our facilities have been strained to the breaking point. We are unable to get new equipment; repair parts are difficult to obtain; shortages and restrictions are hampering operations and overcrowded busses are slowing up schedules. In view of these conditions our schedules cannot be expanded further. In fact they have to be reduced in order that our busses can have time to be properly serviced and overhauled.

Due to these critical conditions we are forced to resort to the following drastic regulations in order that essential bus travellers may be accommodated and gasoline and rubber saved. Please observe them closely and co-operate in order that you may not be inconvenienced by being forced to wait for several hours or longer to get on a bus.

Shoppers and Other Non-Essential Travellers

Must Travel Between 9 a.m. and 4 p.m.

A great deal of our congestion is caused by women coming into town to shop or attend shows and waiting until rush hours to return home. From now on war workers and other essential travellers will get priority. Non-essential travellers not on busses before 4:30 p.m. may have to wait until 7 p.m. until the rush is over to get home.

LADIES—This is one way you can co-operate and help the war effort. When your travelling between 9:00 a.m. and 4:00 p.m., do there are seats available for you.

The Armed Forces Will Get Priority On Week-Ends

Our biggest traffic peak is on Sunday nights. In order that members of the Armed Forces may have full advantage of their week-end leaves, they will get priority after 8 p.m. departures on Sunday nights. Civilians should be on their way home before 8:00 p.m., otherwise they may not be accommodated Sunday night at all and may have to wait until Monday morning. Extra busses will not be provided after 8:00 p.m. to accommodate civilian passengers.

Be On Your Way Home Before 8 o'Clock on Sunday Nights

Avoid Rush Hours Let Tired War Workers Ride

Please travel between 9:00 a.m. and 4 p.m. Avoid Saturdays, Sundays and holidays. Leave children at home. Do everything you can not to interfere with the travelling of war workers and the Armed Forces. They have certain times only when they can travel and must have first call.

Put Your Wartime Travel on a 4-Day Week Monday to Thursday, 9 a.m. to 4 p.m.

Students Must Be On First Bus After School Is Out

Of late, High School students, especially, have been waiting until rush hours to return home and not using the especially scheduled busses provided for them. Teachers and parents are asked to co-operate in instructing students to avoid rush hours. School children will not be carried on rush hour busses nor will their special school tickets be accepted.

Return Home IMMEDIATELY After School

PLEASE CO-OPERATE

Canada Coach Lines want to accommodate you as comfortably and conveniently as war time conditions will allow, but you must co-operate in accordance with the above regulations. Even if these are carried out there will still be some crowding and waiting, but we are sure you will accept these inconveniences in the spirit of the times and, rather than blame the drivers or the Company, put the blame where it really belongs—on Hitler, Mussolini and Hirohito.

PUPILS "ADOPT" PRISONERS OF WAR

South Porcupine is only a small town in Northern Ontario, yet its name is probably more familiar to many British and Canadian prisoners of war than names of much larger Canadian cities.

Amongst their many other patriotic activities, public school pupils of South Porcupine have adopted a number of prisoners of war in enemy lands. They write letters and send gifts such as playing cards and cigarettes (which may be sent to war prisoners through a list of selected Canadian firms).

These gifts are supplementary to the standardized Red Cross prisoner of war food parcels, and that the young people's kindness is appreciated by the soldiers is seen in the fact that they invariably write letters of thanks to the school. Many staunch friendships have been made, and the letters, which are both interesting and informative, are printed in the school paper, the "Tisdale Talent".

Little acts of kindness and thoughtfulness such as these go a long way towards proving to our boys in German prison camps that they are not the forgotten men of the fight for freedom.
