Annual Halton Seed Fair To Include Display Of Labor Saving Equipment

Arrangements are now under way, states Agric. Rep. J. E. Whitehead, to have an exhibit of labor saving devices on display at the Halton Seed Fair in the Milton Town Hall, on March 19 and 20. A Prize List for Halton's annual Seed Show is now available upon request at the local Agricultural office. President Harrop and his fellow executive members have arranged an excellent prize list which includes three specials offered by the T. Eaton Co. Ltd.

Inquiries for seed grain, clover and alfalfa seed are already being received by the committee in charge. The Seed Show is an excellent place to either sell or buy. Seed offered for sale must be of the same quality and grade as that exhibited.

MILTON 8—BIRCH CLIFF 8.
On account of being overcrowded with advertising again this week we are forced to announce that we have only room to give the result of last Thursday's scheduled game between Birch Cliff and Milton Junior B.O.H.A. teams, in the arena here, which ended on a tie, 8-8. Seven hundred enthusiastic fans saw the game.

MILTON 5—BIRCH CLIFF 3
When big Joe and Enio knocked in two apiece, Birch Cliff just couldn't catch up to the commanding lead. It was the second game of the two game series with goals to count to see which aggregation would advance further into the play-offs. The locals wound up the series by a 13 to 11 score.

The battle was a crowd pleaser from start to finish when the locals took a commanding lead in the first session. Stewart tore down centre ice to the blue line and handed a beautiful pass to Schertzl on right, counting the locals first at 3:24. Bassett handed Gillespie a beauty at the blue line, his shot fooling Doweay at 11:13. Two and a half minutes later Enio took a pass from big Joe to net a third in a scramble. With seven seconds to go, Schertzl and Armstrong received points on a beautiful play. This sounds one sided but let us say the visitors were pounding away like flinders. Milton 4, Birch Cliff 0, penalties 1.

With the drop of the hat the visitors ganged in the second. They swarmed like bees during the next 40 minutes of play. Their efforts were deserving as J. Junkin's counter was costly to the locals as Schertzl was in the cooler for a trip at the time. Milton 4, Birch Cliff 2, penalties 1.

Seven hundred gasped when the third opened. Will the lads hold the lead when Birch Cliff presses so hard? Scisizzi netted the Tiger's final counter at 17:15. The game was opened. Start set up the play when he broke through centre. Emerson, in goal, was more than tops. He dived, he swam, he smothered every loose puck that came within reach. His excellent net minding left no doubt as to whom the victors might be. Doug. Gowland and Stewart played a big part by maintaining a stout defence. They did a big job on their hands when they were called on to play the entire 60 minutes. Birch Cliff netted the final counter at 18:30 when Horsburgh beat Emerson on a clean shot.

It was a great game to win, especially from a squad of well-trained lads who showed excellent sportsmanship. Milton 5, Birch Cliff 3, penalties 2.

The teams: Milton—goal, Emerson; defense, Baker and Jackson; centre, Brennan; wings, J. Junkin and Sedgley; alternates, Sabiston, Gieschech, J. Junkin, Horsburgh and Rance.

Milton—goal, Emerson; defense, Gowland and Stewart; centre, Bassett; wings, Gillespie and Sanderson; alternates, E. Scisizzi, Schertzl, Armstrong, Chauvin and O. Scisizzi.

Referee—Ernie Wortley, Toronto.

Two minor casualties marred Monday night's hockey match when spectators were struck by a flying puck. Miss Norma Rusk suffered a broken nose and a laceration which required a stitch, early in the third period. John Mountain was hit below the mouth which required two stitches. Both were rushed to Dr. George E. Syer who administered first aid.

IMPORTANT NOTICE TO ALL HOLDERS OF SLAUGHTER PERMITS and of LICENCES TO SLAUGHTER HOGS

Because of the urgent need of securing the quantities of BACON and other PORK PRODUCTS necessary to meet the wartime requirements of the United Kingdom, and the consequent necessity of curtailing slaughter for domestic use in Canada,

the following action has been taken under a new Order of THE BACON BOARD, concurred in by THE WARTIME PRICES AND TRADE BOARD.

ON AND AFTER MARCH 1st, 1943

Persons not already licensed to slaughter hogs under previous orders of THE BACON BOARD, but holding slaughter permits from THE WARTIME PRICES AND TRADE BOARD, shall not exceed 75 per cent. of their 1941 average weekly number of hogs, slaughtered by or for them for sale or further processing in Canada. (See following paragraphs for further explanation regarding areas concerned.)

THIS ORDER APPLIES . . .

. . . to all who hold slaughter permits from THE WARTIME PRICES AND TRADE BOARD and who are located in what is generally known as Old Ontario; to all those holding such permits and located in or slaughtering for sale in any town or city with a population of over 5,000 in the Maritime, Quebec, Manitoba, Saskatchewan, and Alberta, and that part of British Columbia known as greater Vancouver

THIS ORDER DOES NOT APPLY . . .

. . . to holders of slaughter permits in any part of what is generally known as New or Northern Ontario, or British Columbia excepting the greater Vancouver area.

. . . it does not apply to farmers slaughtering hogs for consumption on their own farms only. (These do not require slaughter permits and are not subject to this new Order.)

Persons already licensed to slaughter hogs under previous orders of THE BACON BOARD will continue operations under their present status. This is they are still restricted to 50% of their 1940 weekly average for distribution or sale in Canada.

Approved and Concurred:
D. Gordon, Chairman
The Wartime Prices and Trade Board.

Approved:
J. G. Taggart, Chairman
The Bacon Board.

CANADA NEEDS 40 MILLION POUNDS OF FATS FOR EXPLOSIVES

Here is a day-to-day War Job for You!

There is a serious shortage of Fats and Bones in Canada and the only way in which this shortage can be overcome is by the day-to-day saving of every scrap of fat and every bone, cooked, uncooked or dry.

Fats make glycerine and glycerine makes high explosives—explosives to bomb the Axis powers—Adolph, Benito, Tojo, sink them! U-Boats, destroy their tanks.

Bones produce fat. Also glue for war industry.

HERE IS WHAT YOU DO

Save every kind of waste dripping. All may be mixed together. Strain through an ordinary metal strainer into a clean wide-mouthed can. Do not use a glass or paper container. Keep in a refrigerator or cool dipping per week until you have collected a pound or more. Save all pieces of leftover scrap fat from your meals (cooked or uncooked). Keep separate from your dripping. Keep scrap fat and bones in a cool place.

SCRAP FATS BONES DIPPING

HERE IS HOW TO DISPOSE OF FATS AND BONES

The Meat Dealers of Canada as a patriotic effort, are co-operating with the Government in this all-important war work by contributing their collection facilities. Now you can dispose of your Fats and Bones in any one of the following ways:

- 1 YOUR MEAT DEALERS will pay you for your local Voluntary Salvage Committee. You can keep this money for yourself or for your local Voluntary Salvage Committee.
- 2 YOU CAN TURN THE PROCEEDS over to your local Voluntary Salvage Committee and/or to a registered local War Charity.
- 3 YOU CAN DONATE your Fats and Bones to your local Voluntary Salvage Committee in any place where they collect them, or—
- 4 YOU CAN CONTINUE to place out your fats and bones for collection by your Street Cleaning Department where such a system is in existence.

Every spoonful of dripping, every piece of fat and every bone, cooked, uncooked, or dry, must be saved. It's a day-to-day job. Your contribution may seem small and unimportant, but even one ounce of dripping per person per week will give us 36,000,000 pounds of fat each year for glycerine.
