

Victory Loan News

The centre of attraction on our Main Street these days is the windows of the Salsie Store, which displays the photographs of some of Milton and district young men who have gone forth to fight for us. Milton will be proud of the efforts of her young men who have donned the uniform of the Army, Navy and Air Force. Some of these men have already brought honor to themselves and their town. Let us show our appreciation of them by buying Fourth Victory Loan Bonds to the limit.

Reports from canvassers so far have been favorable. We still have a long way to go. Your committees are asking everyone to assist the canvassers by as soon as possible deciding the amount you can loan. And remember, loan all you can and then some.

Milton's quota is \$175,000, Brantford district, \$40,000, Nelson district, \$75,000; Trafalgar district \$80,000 and to raise this amount everyone must do their bit. It is an easy task compared with the task of our brave boys who have gone forth to protect our homes and everything we hold dear from the oppression and scourge of Hitlerism.

Folks, over our town hall, flying defiantly in the breeze, is the emblematic flag of the Fourth Victory Loan. In the upper corner of this flag is the Union Jack which stands for the freedom of all peoples of the world. Let us do our part to keep it flying, let us lend our money to carry on this fight to free the rest of our lives. Don't lend and don't spend and you will be in Hitler's bondage forever.

We'll never let the old flag fall.
GOD SAVE THE KING.

When a man bites a dog, that is news. Also the fact 27 women stenographers in a C.I.O. office in Detroit have gone on strike for higher wages. They are members of the C.I.O. Office Workers' Union. Apparently the Union was determined to get better conditions for others than for its own employees.—Chesley Enterprise.

Is Still the Keynote

IN war as in peace, Brantford Roofing's full facilities are directed towards your security. In peace, Brantford Roofing produces asphalt shingles, roofing and siding to protect and beautify your home. In war, the same high quality products contribute to the nation's security in training camps, barracks and war industries.

Because these products have a petroleum base—and oil is strategic material nowadays—the supply of Brantford Roofing for houses is limited. Every effort is being made to distribute the available production on an equitable basis in all communities. To simplify inventories and increase supplies, all lines have been standardized on a minimum range of colours and styles.

When Victory is ours and hostilities have ceased, Brantford Roofing products will again be available in ample supply for civilian use. Plan now for your home's renovation when the war is done, with Brantford Roofing products for security and smartness.

Ontario's Champion Plowman
Recommends - VICTORY BONDS

Mr. Brown, who is President of the Central Dumfries Farmers' Club, has competed in 37 plowing matches in the last three years. In these 37 contests he has won 34 First Prizes and 3 Second Prizes. "Bob" Brown bought Victory Bonds in the First, Second and Third Victory Loans, and has placed his order for Bonds for the Fourth Victory Loan to the limit of his capacity.

When Mr. Brown urges others to buy Victory Bonds his recommendation carries weight for he backs his words with action.

"Bob" Brown plows a straight furrow and thinks in a straight line. He knows farmers' problems. Here is what Bob Brown says about Victory Bonds: "If Canadians were asked to give money to help to win the war, we would not be asked to make a big sacrifice. Some are giving their lives. But we are asked to lend money. I am sure that farmers throughout Canada will be glad to lend money to their country, for like all other Canadians, they know we must do all we can to help."

"There is a practical reason for buying Victory Bonds, too. The money we lend to Canada now, to help win the war, will be ours to use as we please after the war has been won. Ready cash will be handy to have when we will want to replace farm equipment that is wearing out now. A farmer can always find a use for savings, and there is no better way to save than by investing all we can in Victory Bonds."

MORE BUY VICTORY BONDS

WHAT A VICTORY BOND IS:

A Victory Bond is the promise of the Dominion of Canada to repay in cash the full face value of the Bond at the time stipulated, with half-yearly interest at the rate of 3% per annum until maturity. A Victory Bond is the safest investment in Canada. The entire resources of the Dominion stand behind it. Canada has been issuing bonds for 75 years, and has never failed to pay every dollar of principal and interest. A Victory Bond is an asset more readily converted into cash than any other security.

Scotch Block Women's Institute

The annual meeting of the Scotch Block W. I. was held at the home of Mrs. H. Brown, with Mrs. Love in the chair. After reviewing the work of the past year we find we didn't accomplish as much as previous years, out owing to the other demands placed on our shoulders, who are mostly farm women, this was only to be expected, and those of us who were present resolved in our minds to do better this coming year for even the smallest contribution helps to swell the total to relieve the sufferings of other countries. Sixty dollars was voted to the local Red Cross campaign fund and fifty dollars to our own war work to buy material. The election of officers then took place as follows: Hon. President, Mrs. Love; President, Mrs. G. McGibbon; 1st vice, Mrs. J. Pullen; 2nd vice, Mrs. S. Murray; secretary-treasurer, Mrs. C. Service; assistant, Mrs. S. Brown; District Director, Mrs. Ed. Snow; Branch Directors, Mesdames W. Snow, J. Wilson and D. McGibbon.
