# SOLDIER of the SOIL

HIS year the Canadian Farmer urgently needs help. He needs your help to produce the food so necessary for victory. Many thousands of farm workers are serving in the Forces, so that the farmer -the Soldier of the Soil-is shorthanded, but shorthanded as he is, he is called upon to produce more food than ever before. Food is one of the most powerful weapons of war. Grains, bacon, dairy prodrets, eggs, beef, fruit, vegetables-FOOD to feed our armies, our allies and our people we must have.

#### WHAT CAN YOU DO?

You may be a school teacher, student, business or professional man, an office or store clerk-no matter what you are, if you have a few hours, days, weeks, or months of free time this summer, you can do your country and the farmer a great and patriotic service by helping out on the farm. You may be inexperienced, but you still can help. You will find work on the farm healthy and congenial. It will give you the satisfaction of feeling that you have brought Victory nearer.

What you should do NOW!

Consult any special local committee or office established to deal with farm labour placements in your city or town; or Write the Director of the Dominion-Provincial Farm Labour Program at the Capital of your province; or Get in touch with your nearest Employment and Selective Service Office.

I am proud of the record of your Liberal Government office in 1934. Space does not permit me to cover all of its achievements, but I would like to remind you of some of them:

FINANCES

When we took office there was no money in the Treasury and we were faced with a huge deficit. municipalities were struggling under an unbearable load of taxation 19 municipalities were in default. was taking 42 per cent, of the annual provincial revenue, nearly half, pay the interest on the public deb We promised to correct this, and we have done, it. The only increase

show a substantial surplus, but we have extended much needed help to local municipalities. All of these are now out of the default column and not one dollar of principal has been lost to any debenture holder. Since taking office the Province has relieved the municipalities of the following payments, and in addition a 1 per cent. subsidy is being paid yearly to every town, village and township in the County. Halton County has been paid over a million dollars to lower municipal taxes and to help the electors. The following are the figures: 1 mill subsidy on taxes .... \$148,483.47 Old age pensions ..... 56,078.00 Pensions for the blind ...... 1,026.00 Hospitalization and other help to indigent patients 39,800.00

Provincial, County and Township Road Grants, increases in these ...... 845,684.38 Hog Subsidy ...... 27,105.50

.... \$1,169,966.35

In addition the lower part of the County has been relieved of all liability under their Hydro Radial debentures. In addition also we have increased grants to Education by over four million dollars. We realise that Once again I am asking for your still further help should be given to support as the Liberal Candidate in local municipalities. The assistance the coming elections. As the polling already given has cut many mills off day is just three weeks away it may everyone's tax bill. This policy will be steadily extended from year to year until the burden of unfair real estate taxation is fully under control. Through reduction in the public debt and in interest rates, it takes only 22 per cent of our revenue now | to service the public debt, instead of
