IN MEMORIAM

HAMILTON—In loving memory of our dear Father, James Hamilton, who passed away, December 29th, 1941.

He is gone, but not forgotten, And, as dawns another year In our lonely hours of thinking Thoughts of him are always near. Days of sadness will come o'er us, Friends may think the wound is healed.

But they little know the sorrow, That lies within the heart concealed. Sadly missed by
SON and DAUGHTERS

CARDS OF THANKS

I wish to express sincere thanks to my friends and neighbors, who were so kind to me during my recent illness.

B. FRASER

Mr. and Mrs. Joseph Mitchell of Campbellville wish to thank their neighbors and friends for their very generous contributions following the fire which recently destroyed their home.

- Brevities -

—A brighter and better New Year.

—The weather has taken a hand and made skating on the pond available to the young folk.

—Your label on your paper tells your subscription story. If it needs attention will you help maintain uninterrupted service?

—Mr. Arthur C. Adie, Campbellville Ontario has registered the name "Arca" with the National Livestock Records for his exclusive use in naming the purebred Holstein cattle bred on his farm. All his stock will, in future, carry this name as a prefix.

—In our item last week of the Grace Church broadcast, a reader calls attention to the typographical error regarding the laying of the corner stone of the Church. We understand the laying of the stone was in 1895 rather than 1885 as given last week.

A BADLY TIMED WARNING

The Canadian Institute of Plumbing and Heating has issued a warning to householders to save coal by replacing defective heating equipment rather than struggling along with it. The warning is doubtless well intended, but it seems to have been badly timed. To begin with, it is almost impossible to procure heating equipment. It would probably be even more difficult to procure replacement parts. Any person who has attempted to procure parts knows how difficult this is and how long it usually takes. Parts ordered now would probably not be available until next spring and by that time the immediate need would be past or almost past. Even if parts were immediately available few householders would care to risk pulling apart their heating equipment to make repairs in the kind of weather we are experiencing just now. Any repairs to heating equipment for this winter should have been made three or four months ago. The Institute's warning is sadly belated. Instead of issuing such a warning on November 29th, the date the circular bears, the plumbing and heating organization should have issued it not later than the last of August or the beginning of September.

SUGGESTS AIR TRIPS AT 12 CENTS A MILE

LIVERPOOL (CP)—F. W. Farey Jones, pioneer of Britain's civil aviation, said secondary education for children in the post war world "must envisage air trips to the Dominions and Colonies on a principle of holiday exchange, followed by at least one trip round the world.

"Why cannot we plan now our air communications and our air transport programs on a charge of sixpence a mile to anywhere in the Empire and half-price to children?" he asked in an address.

CAMPBELL POLLOCK

Native of Esquering Township, Campbell Pollock passed at Burford, Ontario on Wednesday, December 22 in his seventy-fourth year. Mr. Pollock was a son of the late Mr. and Mrs. Geo. Pollock and was born at Peru in Esquering. Sixty years of his life was spent in farming here and at the brickyards. About ten years ago he removed to Burford to retire. Mr. Pollock was a member of the Anglican Church and a respected citizen of the community. He is survived by two sisters, Mrs. Charles McDowell, Milton West, and Mrs. H. McLennahan, Milton Heights.

The funeral was held on Sunday with service in charge of Rev. S. A. Kirk and interment was in Evergreen Cemetery, Milton. The pallbearers were Messrs. William Wilson, Harry Wilson, J. McLaughlin, J. Service, I. Hillson, J. Hollingsworth.

MRS. CASE D. EATON

Freeman

Mrs. Case D. Eaton, sister of Mrs. Alfred Reid, Puslinch, died Sunday night at her home in Freeman, in her 64th year.

The former Myrtle Edna Kerns, she was born in Nelson Township and lived in Carlisle before moving to Freeman 18 years ago. She was well-known and highly respected resident of Freeman and was a member of Trinity United Church, Burlington. She leaves her husband; six sons, George Wesley and William Grant of Carlisle; James Clarkson, St. Jerome, Que.; Robert Edgar of Nelson; Harold Case and Charles Douglas, both at home; two daughters, Mrs. Milfred Watson, Nelson; Mrs. William Inglis, Windsor; and one brother, Edgar Kerns, Nelson; also nine grandchildren. The service was held at her residence on Wednesday afternoon. Interment was made in Carlisle Cemetery.

HANDSOME TOWNS

Handsome towns draw in new people for work and business. Industrious and prosperous folks like to settle in such a place, for they feel the work and business chances will be good, and there will be good opportunities and advantages for themselves and their children.

It is a fine thing for a town to have beautiful and artistic homes and impressive business buildings, all which show prosperity. But a town may be made up mainly of simple business places and homes, and yet be handsome, because the people take good care of their dwellings and business centre. The smallest and simplest home can be handsome, if it is kept neat and in good repair, and beautified in summer with nicely kept grass and flowers and shrubbery.

RUBBER FROM CAMEROONS

LAGOS, Nigeria (CP)—During 1942 the British Cameroons produced 2,605,068 pounds of rubber, an important contribution to the rubber supplies of the United Nations.

THE SCOUT CODE

LONDON (CP)—"No thanks—I'm a scout," said troop leader Colin Knight when someone offered him the equivalent of \$1.25 after he had been given the Scout's Certificate for catching a runaway pony.

ASKARI CHORISTERS

NAIROBO (CP)—A rifle company of a Tanganyika battalion of the King's African Rifles is carrying out the experiment of training an Askari choir. The men are being taught by an officer who was formerly a choir-master and they already know several songs in English and some with a Swahili adaption. Practising is entirely voluntary.

PENCILLIN BY PLANE FOR EMERGENCY CALLS

On emergency calls to save lives, Trans-Canada Air Lines Planes operating out of Toronto have been called on to make quick deliveries of pencilin prepared at the Banting Institute, Toronto. One such call came from the west to save the life of Barclay Welliver, a five year old Trail B.C. lad. The T.C.A. trans-continental service carried the precious packet to Lethbridge from which point the R.C.A.F. took over delivery. A call from Montreal asked for a supply of the drug to give aid to a physician then a patient in a local hospital. These commissions were carried out by the air express branch of the T.C.A.

TO STIMULATE MOTORING

LONDON (CP) — Three national motor associations — the Automobile Association, the Royal Scottish and the Royal Irish Automobile clubs—have made plans to stimulate post-war motor touring of the British Isles.

Important Message To All Subscribers

There are many things these days in the way of Wartime Restrictions, which affect all business places. Your newspaper has its share of these problems in common with every other business. You may not like them and we may not get any enjoyment out of them, but we both know they are necessary under present day conditions and an all-out war effort.

What Newspaper Rationing Means

We are permitted sufficient newsprint to provide one copy of each issue of this publication to paid subscribers only. That means subscribers paid in advance. A subscription three months in arrears must be discontinued. Our mailing lists have during the past few weeks greatly increased and we welcome these new subscribers. It means however, that provision will have to be made for these new subscribers to be served.

In the past we have been perhaps a little too lenient with some old subscribers and continued to send the paper past the due date, knowing they would pay the account in due course. We are indeed pleased to say that in most cases our confidence was not misplaced and the account has been met. But now we have strict newspaper rationing and the old order has changed.

Starting January 1st

We will discontinue the paper to every subscriber who is not paid in advance, and place the account for arrears for collection. This policy will be rigidly followed in the future. We do not want to interrupt the regular visits of the home paper and we ask your co-operation in maintaining these regular visits.

Look at Your Label

A shortage of help does not permit us to send out accounts to all subscribers and the procedure seems unnecessary anyway, since the date on your label every week gives you your account regularly. During December many subscriptions expire. If your label reads December 43 or any date prior to that it requires your attention before the end of the month. May we have your co-operation in meeting present conditions and maintaining the service to which you have been accustomed?
