## Record Crowd of Over 3000 Attend Milton Fair

(Continued From Page One)

Laura Belle, L. B. Currie, Tillsonburg, 2 3 3.  
 Genevieve Grattan, H. Black, Everton, 3 2 2.  
 Time: 2.16%; 2.13%; 2.14.  
 Keith Budd was back again and his riding and races had plenty of thrills, especially the neck and neck finish of the chariot race.  
 The judging rings had a crowd all afternoon. The poultry show had all the space filled with entries and the showing of hogs and sheep also drew their following. The midway had people and concessions packed in every inch of space. There were, Merry-go-round and swings, games, bingo, food and drink, men to guess your age and weight and all that go to make such a spot for those in holiday mood.

### Baby Show

The Robinson Baby Show was of course a gathering place for mothers and babies, aunts and grandmothers and the admiring relatives. There were twenty-five babies in this event and the judges had a great time picking the winners in the five classes. Every entry will receive a photograph and the winners receive merchandise vouchers at the Robinson Store in Hamilton. The genial Mr. John Jones was in charge of this popular event.

Winners in the Baby Show were Carol Marguerite, daughter of Mr. and Mrs. Stanley Randall, Milton, best girl under 6 months; Joan Louise, daughter of Mr. and Mrs. Earl Timbers, Milton, best girl over 6 months; Kenneth, son of Mr. and Mrs. Ken Bailey, Milton, best boy over 6 months; Bryan, son of Mr. and Mrs. John Lillycrop, Waterdown, best boy under 6 months; Mary Lou and Edith Ann, daughters of Mr. and Mrs. Wm. Meredith, were the best twins.

Oldest lady at the Fair was Mrs. Turner with Mrs. John Mills the second oldest. The oldest men present were Mr. G. A. Hemstreet and Mr. G. A. Bell.  
 Milton High School was winner for the best two murals of class work in the 1943-44 term. President Lloyd Crawford and Secretary E. M. Readhead and their officers and directors have every reason to be proud of the achievement of Halton County Agricultural Society this year and the fine all-round fair.

Details of the prize list and other outstanding parts of the show will be found in other columns of this issue.

Sale held under cover in case of inclement weather

# FARMERS..

HERE IS YOUR CHANCE TO PURCHASE

## PORTABLE SILOS

Why not drop in and consult us in regard to the use of this portable silo. The cost is surprisingly low and they are easy to erect. For example a silo 14 ft. in diameter and 16 ft. high will hold between 40 and 45 tons of ensilage. The cost is less than \$36.00 for the materials.

Milk is scarce and ensilage is a grand milk producer. Why not get more milk from your cows when the cost is so low.

Milton Hardware

# ONTARIO FARMERS 1000 MEN WANTED Now!

THIS is an appeal to THE FARMERS OF ONTARIO. The Packing Plants of Ontario, which process and ship your livestock for export, ARE SERIOUSLY SHORT OF MEN. Every available Farmer of Ontario is urged to offer his services for employment in one of the Packing Plants in this province as soon as the essential work of the farm is completed. OVER 1,000 men are required to start in the month of September alone. Good hourly wages will be paid. Transportation to the plant will be provided. Assistance will be given in arranging board and room.

With full staffs, the Packing Plants of Canada have ample capacity to handle even the tremendously increased numbers of cattle, sheep and swine, which Canadian farmers have ready for market this year. When operating to capacity the Packing Plants can keep the market cleared and livestock can be slaughtered, processed and shipped at its most profitable time, when it is at its market peak. Thus, losses which occur when animals are held beyond the peak—through additional feeding costs, through falling away from peak condition and through the danger to price structures when supply threatens to exceed demand—are avoided.

Last year several hundred Ontario farmers volunteered for work in the plants in processing their own products and protecting their own interests. Production for export this year has increased by 40%. Available man-power has shrunk by 28%.

The Ontario Farm Service Force, in conjunction with Employment and Selective Service has undertaken the task of raising sufficient help from Ontario Farmers to keep Packing Plants operating to capacity this year. This department of the Ontario government's Department of Agriculture feels that this extension of its service is as vitally important to the interests of the farmers of this province as anything it has yet undertaken. The need of meat as a primary essential food to our Allied Armies, to the people of Great Britain and to the starving millions in countries being liberated by our victorious armies, is the basic consideration. In addition, efficient operation in the processing and marketing of livestock is necessary in protecting the greatest export market ever opened to Canadian farmers.

Your services are needed from now until spring. If you cannot devote that full period of time, a month or more will be of great assistance.

OFFER YOUR SERVICES AS SOON AS POSSIBLE. If you cannot go to work at once, call or write, stating that you will come, and at what date you will be available. Remember you will be serving your own best interests as well as playing a vital patriotic part in serving your country.

For full information or offering your services, apply in person, phone or write to your nearest office of
