#### VITAMINS IN WEEDS

Research laboratory tests have shown that the edible wild greens, pokeweed, poverty weed, and tall curly dock contain double the amount of Vitamin C normally found in spinach. A second group of edible wild greens, including shepherd's purse, lamb's quarter, and wild lettuce, contain as much Vitamin C as spinach does.

**Free Enterprise**  
**GAVE HIM HIS CHANCE**  
 FROM office boy to president, from factory hand to general manager... the annals of Canadian industry are filled with such "success" stories. The man at the desk who heads a great organization is often the man who, twenty years before, worked for that same organization in overalls and shirt sleeves. In such a manner does labour provide the roots of management. This is free enterprise... the healthy instinct of the Canadian workman to forge ahead through his own hard work, ability and initiative... to get to the top of the business he is in, or create his own business. This century-old Bank has assisted ambitious Canadians... helped them save... loaned them money... contributing to the growth of a self-reliant people and a prosperous Canada.

## Announcement of change in Spirits Ration

EFFECTIVE OCTOBER 2nd, 1944

COMMENCING October 2nd, 1944, and until further notice, every individual permit holder will be permitted to purchase monthly one bottle of spirits (25 or 26 ounces) or two half bottles as available.

As a result of the restrictions imposed by the Dominion Government under the Wartime Alcoholic Beverages Order P.C.11374, it was necessary to reduce the monthly ration of spirits to 13 ounces to assure adequate supplies of spirits until the end of the year. In increasing the ration it should be explained to the public that unless the restrictions imposed by the Dominion Government are removed a similar restriction will be necessary again next year, although the Board, except for the Dominion Restriction, would be able to make available for distribution stocks of spirits in excess of the present ration.

In any event, however, the ration becoming effective on October 2nd can be maintained throughout the winter months, so it is hoped that the public will co-operate by not buying in excess of actual requirements.

LIQUOR CONTROL BOARD OF ONTARIO

Victor T. Goggin  
 CHIEF COMMISSIONER

OCTOBER 2, 1944
