**A Message
From The Chairman**

DEAR FRIENDS:-

Our job in Milton and District is to sell \$380,000 in Victory Bonds. This is our share of the Eighth Victory Loan. Undoubtedly we should all buy all we possibly can to the point where it takes our savings and part of our credit.

The fact that the money is needed is beyond question. The war is close to you here with scores from this vicinity in the services. Some have paid the supreme sacrifice, others are prisoners of war, and many, many others are still fighting for you and for me.

This is an investment in Canada's future. There is no better investment in the world and no better post war security for the individual to carry him over any emergency that may arise.

Invest in Victory and your future.
