Hughes Cleaver Returned Liberal Member for Halton

County Reverses Vote of Week Previous and Goes Liberal with Majority of 668—Voting Heavier than a Week Ago—Electors Pay Tribute to 10 Years of Faithful Service and King Administration—Majority in Milton of 131 Acton of 143

In the provincial election a week ago Halton sent a Progressive Conservative representative to Queen's Park with a majority of over 1,000. A week later, last Monday, the voters reversed the vote and sent a Liberal to represent the riding in Ottawa with a majority of 668. Voting in the Dominion elections was slightly heavier than in the provincial contest. On June 4th 14,544 votes were polled and on June 11th 14,773 votes were counted for the three candidates. The result of the provincial vote had a direct bearing on the C. C. F. vote polled here. This dropped in the week from 2555 to 1531.

There was a keen contest in every division. In Acton, Milton and in Georgetown majorities were given to Cleaver while Burlington and Oakville gave majorities to Nicholson. In the townships, Esquesing, Nassagaweya and Trafalgar all gave Liberal majorities while Nelson gave a small lead to Nicholson.

Mr. Cleaver has represented Halton County in the House of Commons for ten years. The vote polled on Monday was a tribute to the untiring service he has rendered everyone in the riding as well as an endorsement of the Liberal administration and their conduct of Canada's affairs during the past few difficult years.

In 1940 in a straight Liberal and Conservative contest the vote was 7571 Liberal and 5939 Conservative. This year all three candidates were residents of Burlington.

Following is a tabulated return of the vote in Halton. These figures are not official but all that can be secured at this time. The active service vote has yet to be given.

Two More Service Men Arrive Back In Milton Homes

Pte. Charles Auger and Cpl. Roy Forbes Released after being German Prisoners

More Milton service men are arriving home. Latest of these arrivals are Pte. Charles J. Auger and Cpl. Roy T. Forbes, and family and friends are indeed glad to welcome their return.

Pte. Charles John Auger has been in the army nearly three years and spent two years and seven months overseas. In September last he was wounded and taken a prisoner in France. A few weeks ago he was liberated and now he is home again with his parents. Pte. Auger was with the Algonquin Regiment and before joining the army was employed with the P. L. Robertson Co. here. He is a son of Mr. and Mrs. Arthur Auger.

Cpl. Roy T. Forbes has been in the army five years and spent four years overseas. He was with the Hamilton Light Infantry. In the Dieppe raid he was wounded and taken prisoner. He was liberated on April 21st and arrived home on June 10th. He is a son of Mrs. Margaret Forbes. Two other brothers have returned from overseas service. On May 6th Cpl. Geo. Forbes returned home and on March 9th L/Cpl. Lockie Forbes got back home again. Prior to enlisting Pte. Roy Forbes was employed with the Oakville Basket Company.

After four years and one month in a German Prisoner of War Camp, Seaman Arthur Smith of the Merchant Marine and a son of Mr. and Mrs. W. G. Smith, has reached home again.

It was on March 15th, 1941, that the German battleship Schornhorst shelled and sank the ship on which Seaman Smith was sailing. The captain and an eighteen-year-old wireless operator were lost.

The Scotch and Welsh Guards were the troops that liberated the camp in which Arthur Smith was a prisoner on the night of April 27th, after a fierce battle for the small town where the camp was located. There were 3000 merchant seamen in this camp at that time. It was on V-E Day that Arthur Smith got back to England by plane and now he is back home, welcomed by parents, his sister Vera and many other friends.

On Okinawa Island, 325 miles from the enemy's homeland, the Japanese garrison was split into segments in the southern area and reduced from 85,000 men to about 20,000. Denied By Churchill
In Europe Marshal Petain has appealed to Prime Minister Churchill to save him from the treason trial he is scheduled to face this month by revealing that he had been negotiating a secret pact with Mr. Churchill at the time of his first meeting with Hitler. Mr. Churchill countered by asserting flatly that there was no such pact.

Paving of Stewarttown Road is Deferred for lack of Funds—The Goal Governor Moves to Another House—No Decision Yet on Appointment of County Assessor—Other Items of June Session.

Halton County Council had one of the liveliest sessions in years at its June meeting on Tuesday. All members were present and the Warden in the chair.

Routine business occupied the morning session. In the afternoon the first person to address council was Mr. August Mowat inspector of public libraries. He approached the council with a suggestion that a County Co-operative Library be organized which would result in an interchange of books among libraries within the county. No action was taken since council were agreed that they could not see their way clear to adopt such a scheme at the present time although they admitted the idea was a good one.

Representatives were present from the various fair boards in the county appealing for their usual grant which resulted in the following motion: "Moved by Craig and Hillmer, that Milton Fair Board be given a grant of \$250, Acton Fair Board and Esquesing Agricultural Society each a grant of \$175 each."—Carried.

Sheriff W. J. L. Hampshire addressed council with regard to Mr. Calvin Fleming, Governor of the gaol having changed his residence. Mr. Fleming had recently vacated the Governor's residence in favor of his own property which is adjacent to the Court House. He had notified the Department to that effect with a request that light and heat be provided at his own residence. Since this was entirely up to the county the Sheriff had been notified to that effect. While council was agreed one house was as accessible as the other it left them with a problem on their hands since if they rented it they might find themselves in the position of needing the house without having the power of asking the tenants to leave.

It was therefore moved by Cleave and K. R. McDonald that the clerk be instructed to secure information from the rental appraiser regarding renting of the Governor's residence.—Carried.

Reeve W. J. Robertson, Chairman of the Good Roads Committee brought up the subject of the Stewarttown road which at their April meeting council had agreed should be paved this year.

Mr. Robertson now contended that paving this road was financially impossible if it were to be included in their present estimates. To undertake this piece of road work would require an additional \$30,000.

Reeve McDonald, Chairman of the Finance Committee asked why Mr. Robertson had allowed them to prepare their estimates for the year without notifying them that the sum allotted for road expenditure was not enough.

Mr. Robertson replied that the resolution regarding the Stewarttown

road was not intended to be included in their present estimates. To undertake this piece of road work would require an additional \$30,000.
