—Dominion Day this year falls on Sunday. No argument there whether to observe it or not.

—The road maintainer has improved the streets and so far there hasn't been much dust nuisance.

—Looks as if the early June peas are going to be late this year and the strawberries—well we hope.

—If for any reason your home paper does not reach you regularly notify the office. But first be sure your subscription is paid in advance.

**HUGHES CLEAVER'S MESSAGE TO ELECTORS**

To my Friends in Halton:  
I do want to thank you all. You have worked hard for a good cause and the results which will flow from the victory which you have won will be shared by all.

So far as I am concerned personally I am glad that you saw fit to elect me as there are several tasks which I wanted to see through to a finish. Our public health bill is one of them. Then also I did want to have a share in seeing that our returned men are properly re-established. This country too is on the eve of a large home building program. It has always been a hope of mine that everyone in this country could own his own home. With the National Housing Act the coming years should show substantial results along this line. The problem of the maintenance of consumer buying power at a sufficiently high level to consume our maximum production is another problem in which I am intensely interested and coupled with this, and really part of it, is our agricultural problem. We cannot have a truly prosperous country until our farmers are prosperous. For all of these reasons I take up the task again as your member gratefully and with the hope that my next term at Ottawa will see many of these hopes of mine come to pass.

Sincerely yours,  
Hughes Cleaver

**Halton County Council Has Lively Session on Tuesday**  
(Continued from Page One)

road was thrown in like a bombshell two months ago when no such expenditure had been allowed for.

Mr. Craig asserted that if the motion went through two months ago then the Road Committee should have made some plans to meet the Finance Committee regarding the expenditure.

Mr. Robertson thought the easiest way out of the difficulty was to postpone paving of the road and made a motion to that effect. There were only three votes in favor of the motion. Finally it was agreed that means for financing the road work should be further considered.

Mr. J. M. McDonald reported that final arrangements for instituting the County Health Service had been completed, except that office room for clerical work would have to be arranged. Two nurses had been recommended and approved and were all ready to start work beginning with the fall term.

It was moved by J. M. McDonald and Hillmer, that the application of Beta Sutcliffe for the position of senior nurse with Halton County School Health Service at a salary of \$1,700 per annum with a car allowance of \$600 and with one month's holiday with pay be accepted. Duties to commence August 1, 1945.—Carried.

Moved by Hillmer and McDonald, that the application of Miss A. Gibson for the position of Junior Nurse with Halton County Health Service at a salary of \$1,400 per annum with

a car allowance of \$500 and one month's holiday be accepted. Duties to commence August 15, 1945.—Carried.

Both the above applicants and salaries were recommended by the Provincial Department of Health.

Moved by Murray and K. R. McDonald that leave be granted to introduce a by-law to equalize the assessment for the County of Halton for the year 1946.—Carried.

This brought up the matter of appointing a county assessor, which the members of the council were supposed to have discussed with their respective councils. When the warden asked how many were in favor of a county assessor being appointed two were opposed—that is Esqueving and Georgetown. Oakville had not reached a definite decision but expected to the following Monday.

Mr. Cleave, deputy-reeve of Esqueving stated he understood that the plan had not worked out very satisfactorily in one of the neighboring counties. For this reason the Warden agreed that inquiries should be made as to the cause of the dissatisfaction before final arrangements were made in Halton County.

Incidentally, the Treasurer, Miss Margaret Maxted, and the Clerk Mr. W. Deans were appointed to attend the Assessors Convention in the near future.

For some time past arrangements have been under way to secure a new site for county road machinery and in this connection it was moved by Robertson and Biggar, that we accept the offer of the town of Milton to purchase lot near C. P. R. station for a nominal fee of \$1 as a county yard for the storage of county machinery.—Carried.

Accounts passed were: Finance, \$958.87; County Roads, \$18,893.08; Printing, \$55.32; Agriculture, \$52.35; County Buildings, \$133.42; Hospital Accounts, \$416.00.

No meeting of the council will be held in July. The next meeting is scheduled for August 14 or at the call of the Warden.
