## The Week at OTTAWA

By H. L. JONES Canadian Press Stag Writer

OTTAWA, June 26 (CP)-Parliament hill is settling down to its period of mid-summer inactivity now that election threads have been cleaned up and Prime Minister Mackenzie open August 23. It will be preceded tish Navy. starting August 6.

The main question before political observers here now is where the prime for re-election to the Commons, which privateers. he must do soon if he is to preside Now the descendants of those gift- ement you like. When the whole famat the parliamentary opening.

will run ranges over a wide variety able of carrying 100 men. of seats, including some in Ottawa district. Nova Scotia and Prince Edward Island, but latest reports indicate that a seat near Ottawa will be the Japanese. chosen. This takes in Ottawa East. Ottawa West, Russell, Prescott, Ren- ases, there is very little difference paper can be pinned on your paper frew North and Stormont.

week before his departure for San change in their blue eyes and weath-Francisco to sign the United Nations erbeaten cheeks. Except for a wirecharter, Mr. King said he had been less, a small Diesel engine and a tiny offered a number of seats but that he refrigerator, the rig of the handwould be guided in the selection by made wooden craft is much the same the advice of his cabinet minister, as it was in the old days. who, he said, would study the situa- "It's good to work with oak again" tion during his absence.

Food for Thought

ada's 1945 crop will shape up and for the moment the Dominion's food supply situation is far from clear. Agriculture department officials are now studying the situation.

There have been reports that meat ber) to make one vessel. rationing will be resumed in Canada but there is no official confirmation. This is coupled with the world short- son is a white-haired, slow-speaking age of meat and with the fact that son and grandson of ship craftsmen. meat now is in short supply in some "Takes time to train the men who've parts of Canada itself.

servers say, possibly can be blamed on Sussex burr. "Tisn't the same thing, LATE JAS. and AGNES McLEAN traffic congestion of railways which a ship and a house. Hasn't the same to sell by Public Auction at their late has resulted from the steady stream feel." of men returning from overseaas. In Halifax, for instance, bacon and ham is in short supply and stocks of other meats are dwindling quickly.

shortage of potatoes which is expected to continue until imports arrive from the United States where the growing seasons vary. Agriculture Scotland, a small eager little man officials say the shortages result from extremely heavy exports earlier in tell of the hopes he had for the surthe year.

In the international field, fats, oils craft after the war. and sugar are other commodities of which there are shortages. Wheat, however, is the one commodity of which there is plenty on the world markets.

The main problem of the Dominionprovincial conference will be to work | sea." out arranements by which the tax revenues of Canada can be equitably and efficiently divided between the Dominion and the provincial governments.

This division will have to be worked out in the light of greatly-enlarged governmental expenditures and activities since the Dominion came into being under the British North Ameri- it " ca Act.

In addition to the main job, but inter-related with it, will be the pro- the 30-year-old bandsaw. The 75-foot Manure Spreader; M.H. #### FINDS FEMININE PALS FOR LONELY SAILORS

LONDON (CP) - The mayor of the borough of Hammersmith has turned his hand to matchmaking.

Some time ago he received letters from 15 sailors aboard H.M.S. Kempenfelt and H.M.S. Daedalus which said the men were lonely and would like some feminine pen pals. Some even said they had matrimony in

So Mayor Fred Brader corralled 30 girls in his borough, interviewed them personally, and saw to it that each sailor had two girls to write him. And of these 30 girls quite a number said they too had an eye on

"I am only too happy to help the boys in any way," said the mayor But a warning note for the girls might be that Daedalus, in Greek mythology built wings of feather and | wax for his son Icarus. And Icarus flew all right, but when he got too you can move each real piece of near the sun the wax melted and he came down with quite a bump.
