WHAT HE DID FOR YOU

Not long ago a young man in uniform was helped up to the speaker platform by willing hands. His head was bandaged. His one arm was in a sling. And the other held a crutch. Not only had he come from, but he had been through the very jaws of death. Seven times he was baptised in those flames of hell. Seven times he was wounded for you and me. When that great crowd realized what he had been through for you and me the vast hall rang with their cheers. Did they believe in this young man? They did.

But infinitely greater than any such sacrifice was the Day when the world with all its sin and hate and curse vent its rage on the innocent Son of God, who gave his Blood that we might live, and it is only in Him that we can have eternal life. The Blood is the very essence of the Gospel message. Apart from it there is no breath of life, no living water, no bread of Heaven on which to feed, no defence to meet satanic wiles. If you have never appropriated this divine blood transfusion, you have only to confess your need to Him in genuine repentance and faith, and the Christ of Calvary's cross will apply His cleansing Blood to you for the blood is on the altar to make atonement for your soul. Don't forget He gave His Blood for you, for "the life is in the Blood."

"I would not work my soul to save
For that my Lord has done,
But I would work like any slave,
For sake of God's dear son."
Rom. 6: 23

GARAGE OPERATORS DISCUSS HOURS OF SALE AND LICENSES

The June meeting of the Garage Operators Association, Halton County Branch was held in the Odd Fellows Hall in Milton on June 3rd. President Red Waumsley presided. Len McKinley on behalf of the Branch presented a cup to last year's president, Fred Sinclair, in appreciation of the wonderful work he had done on behalf of the Branch.

The gasoline question was next thrown out for discussion. It was felt that the Branch should either set a policy now or forget the whole thing. A Head Office proposal as presented by Mr. Larry Hastings to issue permits for 12 and 24 hour operations was rejected by the members. It was felt that the Branch should apply to come under the Industrial Standards Act along similar lines to that which was applied for and granted to Toronto. After an hour discussion on hours, rates of pay, etc., it was finally moved that the Branch apply to come under the Act under the same provisions as Toronto with two amendments, namely to remain open until 10 p.m. on Saturday nights and the night preceding a holiday and that a minimum wage of 60c instead of 70c per hour for experienced help be added. This means if approved that the Gasoline Industry in the County will operate from 7 a.m. to 7 p.m. Monday to Friday and 7 a.m. to 10 p.m. on Saturdays and the night before a holiday. Sunday sale will be from 10 a.m. to 5 p.m. by permit only with one permit per month to each outlet.

The next discussion centred around the issuance of licenses in the county. It was moved that a delegation comprising the Secretary and the Local Advisory Board be sent down to the Department of Labor to demand that some action be taken to rectify the issuance of mechanics' certificates where they are not qualified.

Labor Relations were discussed at some length and it was brought out that the Unions are organizing to try to unionize the whole garage trade. It was agreed that before any member signed a contract with a union that the Branch should get together and form a standard policy.

The scarcity of used cars and the back yard car deals was condemned by the members but it was felt that this condition had been precipitated by the underhand operations of the used car dealers in the cities and that there was not much could be done about it.

GEORGETOWN

A native of Kellier, Saskatchewan, and Georgetown resident, Miss Jean Wardlaw is a recent graduate of the School of Nursing at Guelph General Hospital.

Georgetown Council were given detailed accounts of suggested changes in municipal public liability insurance at Monday night's Council meeting, and after some debate decided to place a comprehensive policy with A. E. Wilson and Co. through agent E. C. Thompson at a yearly rate of \$475.30.

A major change in the business life of the town comes with the announcement that Mr. David Brill has sold his department store business to Mr. Jack Cotton. The store has been closed this week for inventory-taking and will re-open on Friday under Mr. Cotton's management.—Herald.
