Milton Dropped Two Games In the Baseball of Week

Game on Saturday in Park Here Went to Acton by 7-5 Score—Last Night's Fixture in Oakville Lost by 5-3 Score—Milton with Acton in Cellar Position in the League

Milton nine dropped a close one in the Park last Saturday afternoon when the home event went to Acton nine by a 7-5 score. A disastrous fifth innings for Milton gave the visitors a seven run lead which was not threatened until the eighth innings. Milton boys, in spite of the lead, fought gamely through and in the eighth came within two runs of tying the count when they touched Ryder's offering for some good solid wallop.

Acton counted first in the game in the third when Morton came in on Lindsay's three bagger. In the fourth Milton pulled the only double play when Masters and Riddall were put out at second and first.

The fifth was really Acton's inning when they piled up 5 more runs by W. Waterhouse (single), Morton (single), Footitt (triple), Brush (double) and J. Waterhouse (single). The other Acton run came in in the seventh when Lindsay came in on J. Waterhouse's double. Brush replaced Clements in the field for Milton in the sixth.

In the eighth Houston, replacing E. Toletzka started the ball rolling and was followed across the plate by Norrington, Toletzka, Nayler and Clements.

When A. Clements (using his hand for a little more emphasis) debated the umpire's decision on a play at first, he was thrown out of the game and replaced at second by Houston who was succeeded by Blinco in center field. The game ended with no further runs being registered by either team.

Line-ups were:
Milton—Clements (Brush 6) rf; Anderson, 3 b; D. Toletzka ss; Nayler lf; A. Clements (Houston 9) 2 b; Roberts 1 b; R. Brush c; E. Toletzka (Houston 8, Blinco 9) cf; Clements (Norrington 5) p.

Acton—W. Waterhouse cf; Morton 1 b; Footitt lf; Lindsay 3 b; Brush c; J. Waterhouse 2 b; Masters ss; Riddall rf; Ryder p.

In Oakville last night the locals suffered another defeat, this time to a tune of 5-3.

Milton opened the scoring in the second when A. Clements and Bill Roberts both crossed the plate. Clements was on a hit while Roberts made it on a fielder's choice.

Oakville came back strongly in their half of the second and Post and Longway scored, both on by walks. The inning died with a man on second and one on third. Oakville took the lead in their half of the fifth when they counted three more runs scored by Post, Longway and Markey with two men out. The next batter struck out.

Milton added another counter to their score in the seventh when Bill Roberts came in. Houston batted for Gervais and Clements for E. Toletzka in the seventh to try to get the extra couple of runs but Houston was out at first and Clements fled to left field. W. Clements fled out to the third base man and the game ended 5-3.

Line-ups were:
Milton—W. Clements lf; Anderson 5 b; Brush c; Nayler lf; A. Clements 2 b; D. Toletzka ss; Bill Roberts p; E. Toletzka cf; Gervais p.

MANUFACTURE OF SUGAR INTERESTING SUBJECT AT DRUMQUIN W. I.

The monthly meeting of the Drumquin W. I. met at the home of Mrs. Farmery on July 9th with a good attendance, also two visitors and one new member.

Mrs. G. McClure gave a very interesting paper on Beet Sugar, in which she informed the members that the first man to make possible the commercial development of sugar from beets was Napoleon, emperor of France, who in 1811 established six sugar beet schools, laying the foundation of an industry which has since multiplied many times in size and importance. Since those early days scientific methods of seed breeding and cultivation have taken many long strides. Canadian land to-day produces beets four times as rich in sugar content as the beets of Napoleon's day. There are two beet processing firms in Canada at the present time with four plants, the Canada and Dominion Sugar Company. Manufacturing of sugar from locally grown beets in these two refineries is indeed a marvel of modern industry.

The meeting was closed by singing God Save the King, after which delicious refreshments were served by the hostess and a social half hour enjoyed.

REV. H. S. WARREN LORD'S DAY ALLIANCE REPRESENTATIVE HERE

The Lord's Day Alliance is represented in our community this year by Rev. H. S. Warren, B.A.

This organization is recognized widely as one performing valuable national and community service in safeguarding the national weekly day of rest for Canadian workers, and the freedom of our Canadian Sunday from commercial exploitation. The opportunities for Christian worship and spiritual culture are likewise important, but these are questions for individual decision and attitude. In any event the leisure and quiet of this one day of the week are of real value, individually and collectively.

MELBOURNE-McCURDY WEDDING LAST WEEK IN STREETSVILLE

A good game was played by all players with an exceptionally good catch by Florence Cooper.

Turner Family Mark 105th Anniversary With Re-Union

Sometime during the last years of the Seventeenth Century, a certain Richard Turner, on the death of his young wife, left Yorkshire County, England, for Ireland, where he later married again.

Several years passed, then Mr. Turner returned to England to dispose of his estate there in order to make a permanent home in Ireland, but was never heard of afterwards. It was believed by his family that he was robbed and murdered on the return journey. His wife, after waiting in vain for tidings of him, took her three sons and two daughters and journeyed to England to live.

Later on, in 1741, Richard, one of the sons, married Eleanor Cowan of Lancashire, and in 1774, with their six children they sailed for America, settling at Whitefield, in what is now the State of Maine.

This was just as the Revolutionary War burst on the country, and to escape the persecution then raging against all suspected adherents of King George III, several of the family among them, James, then married to Rachel Sylvester of Wescasset, left for the British province of New Brunswick, settling in the parish of St. Patrick, not far from the town of St. Andrews.

Here, on April 3rd, 1801, William Turner was born. In the spring of 1841, he left New Brunswick for Ontario, and settled in Markham, but during the summer he located permanently in Ontario Co., on Lot 29, Concession 5, Pickering Township, just east of the village of Whitevale, on the farm now occupied by his grandson, Howard E. Turner.

On July 6th, the descendants of William Turner, to the number of some four score, gathered at Woodland Park on the 10 Concession of Markham, to commemorate the one hundred and fifth anniversary of the settlement of this William Turner and Abigail Hanson, his wife, on the Whitevale homestead.

The day was spent in games, in recalling family happenings since the previous re-union in 1941, and in much conversation during the luncheon and supper hours.

At the close of the latter meal, the president, Stanley Turner, of Hornby, R.R. 2, took the chair and the secretary, Miss Goldie Coyne, of Mountjoy Ave., Toronto, read the minutes of the 1941 meeting.

Next came several speeches, among them an especially happy one by Colin Hawkins of Brownsville, a great grandson of William Turner. Later the annual election of officers was held. Stanley Turner and Goldie Coyne being unanimously chosen as president and secretary for the coming year. Mr. Ross Turner of Toronto was elected vice-president, together with a Sports and Prize Committee.

Finally, presentations were made to the youngest of the Clan, Johnny Hayes, of Toronto, one year old on June 4th, to the oldest member, Mrs. J. H. Turner, of Milton, who celebrated her eighty-eighth birthday on July 2nd and to the descendant who came the greatest distance, Colin Hawkins, of Brownsville, Ont. Thus the Turner Re-union of 1946 passed into history.

Milton Girl Guides Complete 10 Day Successful Camp

The Guides 10-Day Camp is over, but the happy memories of good comradeship in work and play live on. There were 15 Guides from our Milton Company under the leadership of three Guides, Mesdames Robinson, Guild and Elliott. Over the weekend they were joined by four Guides from Port Nelson and their Lieutenant, Miss Mary Horncastle and one Lone Guide.

The weather was ideal with a shower and a couple of thunderstorms to add variety and test their camp craft. The campers slept under canvas in tents kindly lent by Dr. James, who with his friends, showed the Guides the correct way to erect prospector's tents. Only twice did rain drive us into the cabin for supper.

Meals were cooked on a camp stove kindly lent by Mr. Crozier. It made the cooking of porridge, vegetables, cottage roll, etc. and Sunday's chicken pot-pie a simple matter, and the oven even turned out cherry pies and cheese biscuits.

As every camper was a Tenderfoot at camping, it was necessary to spend quite a lot of time on elementary camp-craft, i.e. making beds, airing bedding and tents and making gadgets for comfort and conveniences, gathering fire-wood by the bundle instead of a handful; cooking and cleaning up after a hearty meal.

Each of the three tents chose the name of an Indian tribe, camp chores were done in tribes (i.e. cooks, wood and water carriers, orderlies) and each day duties changed.

Swimming was quite the most popular activity with at least two swims a day and the Guides worked hard at improving their strokes. The following tests were accomplished: (1) 50 yards (a 1st Class Test Crawl); J. Giddings, J. Elliott, J. McLaughlin (Port Nelson), E. Tyrrell (Lone Guide); sidestroke, J. Montgomery; (2) Swimming on Back (crawl, kick or frog kick) J. Montgomery (50 yds.), M. King (50 ft.) A. McNiven, J. Robinson, P. Dyer (40 ft.); (3) Racing Dive; P. Dyer, J. Robinson, J. Montgomery; (4) Surface Dive, J. Giddings; (5) Beginner's Test (those who learned to swim during camp) a crawl kick, b. crawl, arms and breathing, c. deadman's float: M. Gooch, M. Thompson, J. Wrigglesworth, J. Johnson, P. Dyer*, Marion Wilson, M. King*, J. Clayton*, M. McNiven.

Second Class badge work also filled in much of the time, and the following list of tests passed in camp shows with what enthusiasm the campers worked towards this badge.

Signalling—J. Johnson.
Nature—A. McNiven, J. Johnson, M. King, Marion Wilson, J. Wrigglesworth.
Fire-Lighting—J. Montgomery, A. McNiven, M. King, M. Thompson, P. Dyer, E. Tyrrell (Lone Guide).

Square Lashing—M. Gooch, P. Dyer, J. Clayton, M. Thompson, J. Wrigglesworth, J. Johnson, J. Montgomery, A. McNiven, E. Tyrrell (Lone Guide), J. McLaughlin, F. Blakeley, D. Wheatley, S. Stewart (Port Nelson).

Knots—J. Montgomery, A. McNiven.
Second Class Badge completed—J. Johnson.

Tenderfoot passed and enrolment—Marion Wilson.

A 1st Class Test—use of compass, and finding 16 points by sun and stars—M. Gooch, J. Robinson.

One morning the campers were up with the birds and one and all experienced that hush and color of a perfect summer morning before sunrise. Our voices were hushed as we slipped out of camp for a sun-rise hike. Half-way up the slope of the mountain we saw the sun rise majestically above the trees and by 6:30 a.m. keen appetites were ready for breakfast and so fortified the party moved to further adventure, to the top of the escarpment by ladder, searching through the bush for the trail that led down the mountain again to a deserted house, and picking up curios and specimens en route. Camp was finally reached by 10:30 a.m. It was an expedition that will long be remembered by all.

Much was added to the joy of camp by the interest and kindness of parents and friends. The Guides would like to thank especially Mr. McDuffe who kindly transported them to and from camp, Dr. James, Mr. Crozier and Mr. Whitelock, and for special treats, Miss Blain, Mr. L. King, Mrs. Dyer, Mrs. Shepperd, Miss Jean Blinco.

COOKING VEGETABLES

Vegetables are a cheap source of vitamins and minerals — essential to good health. Nutrition experts of the Department of National Health and Welfare, Ottawa, give this advice: to get the best in value and flavor from vegetables, buy them often, store them carefully, cook them quickly, and, of course, eat them daily, as soon as they are ready.
