DRUMQUIN W. I. TO STUDY BEAUTIFYING THE FARM GROUNDS

The regular monthly meeting of the Drumquin Institute met at the home of Mrs. F. Weller, with ten members present. The roll call was answered by New Years' resolutions. Among the many books available at the Institute Library, one on how to beautify the grounds around farm homes was chosen to be read at the meet-

Mrs. George Bailey gave a very interesting paper on Home management. The most important thing in running a home is efficiency and avoiding waste of time. In that way a housewife has more time to spend with her children, her hobby, and life will be much more interesting than working up to the last minute every

"ONLY A KID"

A burglar bungled and was caught. "Why," exclaimed the cop who had him by the collar, "he's only a kid" Only a kid but, in our growing crime wave, age group seventeen marks 1st. Our country is becoming terrorized by its juvenile delinquents. Juvenile delinquency is due, it's

often said, to a delinquent parent. Not just a father and mother who step out a bit themselves. But parents blind to the nature and needs of children. Parents who neglect, spoil or dominate their child because they are "just kids". And children don't like to be overlooked, or kept in cotton wool or a prison cell. So they escape step out for themselves and get into trouble.

Effective in meeting this serious situation has been the work of Moral Re-Armament. Effective because it strikes at the root of the trouble. It starts with the home-gets parents to change and begin to treat their kids like grown-ups. To take their hands off.

Then it gives the kids adult responsibility—a grown-up program. No more playgrounds or boys' clubs but a plan for their country. A plan to build sound homes-schools where they go because they want to, not because they have to-gangs which are out to build up the town, not to tear it apart.

Starting from scratch just a little while ago, hundreds of homes have already been saved from divorce. A new spirit which has swept through scores of schools. A gang of former hoodlums have become assistants to the fire department. The school board and town council have united as never before in one major city. Only kids-but what a difference!
