

MILK

You can raise the price of liquor But the only squal you hear, Is from a thirsty public...

You can put a tax on movies; They will ante up and go; They will pay a rise with pleasure...

They don't ask for bigger wages, Just to spend it all on milk; They will show those wicked farmers...

They don't mind paying rises On their whiskies, smokes and silk, But not the slightest fraction Will they tolerate on milk.

Fifty Years Ago

Taken from the edition of the Canadian Champion, Thursday, March 11th, 1897.

Mr. and Mrs. James McMaster, Nelson, celebrated their fiftieth wedding anniversary on Wednesday, March 3rd.

Mrs. Jane Campbell died at her residence in the County of Peel last week at the age of 87 years.

The standing committee of the Diocese of Niagara met at Hamilton on Monday and confirmed the separation of Grace Church from St. Stephen's, Hornby, and the amalgamation of the latter with Norval.

Jim Currie saved a life on Monday evening. He held a ladder which George Newman ascended to clean the chimney on his house in the East Ward.

BORN

HADDOW—At Milton, March 5th, to the wife of Rev. Robt. Haddow, a son.

MARRIED

HOWES-ANTHONY. At the residence of the bride's father, Township of Esquesing, by the Rev. W. M. McKay, on Wednesday, March 10, Frederick Howes to Miss Martha J. Anthony, daughter of Andrew Anthony, Esquesing.

HORNBY

(Delayed by storm)

The Bethel United Church Y. P. U. met in the basement of the church on Tuesday, February 25th. It was Christian Fellowship night and Douglas Shaw was in charge of the program.

Several of our people have been ill recently. Mrs. Lindsay Neelands in the Milton Hospital for an appendectomy. Mrs. Floyd Downs in the same hospital for an operation had a difficult time for a while and gave us anxiety.

February's cold blasts slant surfaced our roads in some places shoulder high with snow and hung white curtains across them, making it difficult at times for drivers to see much beyond the front of their cars.

In another place a truck met a passenger car and shook radiators with it through the snow curtain and still another car, whose driver said he was in a hurry to get to the city, braked unwisely, spun around and ended up peering out of a drift at the side of the road.

The Sunday School Lesson

SUNDAY, MARCH 16th

INTIMATE FELLOWSHIP WITH CHRIST

Golden Text.—Ye are my friends, if ye do the things which I command you. Jno. 15: 14.

Lesson Text.—Jno. 14: 1-6, 12-13; 15: 1-6.

Time.—Tuesday night, April 4, A.D. 30.

Place.—Jerusalem.

Exposition.—I. "I will come again," 1-3.

The 14th chapter of John is the richest vein in the most remarkable gold mine in the world—the Bible. The first clause of v. 1 is the keynote to the chapter, especially of vs. 1-27. Vs. 27 ends as v. 1 begins "Let not your heart be troubled" and all in between might fitly be entitled "Thoughts for the comfort and encouragement of believers during the absence of their Lord."

II. The Way of the Father, 4-6.

The third comforting thought is that they knew the place where He was going and how to get there. V. 6 is one of the mountain peaks of Scripture. It tells us the way to God: Jesus Himself is the Way.

III. "The works that I do, shall he do also," 12-18.

Verse 12 contains another of the comforting thoughts. They do not describe the experience of the average Christian to-day, but we must not bring God's Word down to the level of our experience; we must bring our experience up to the level of God's Word. Jesus meant what He said. We are now by our faith, united to the risen and ascended Christ, the One Who possesses all authority in heaven and on earth.

IV. Fruitbearing, 15: 1-6.

It would be difficult to find in the Word of God a passage that has more comfort and encouragement in it for those who are really in Christ and also solemn warning for those who have a mere outward, formal connection with Christ, and into whose lives there is no real flow of the life of Christ showing itself in fruitage.

FLOUR IS BIG EXPORT

Wheat flour now ranks high among the products exported by Canada to other countries, being exceeded in value during the past year only by newsprint paper and wheat.

DISPERSAL SALE

HOLSTEIN GRADE MILCH COWS AND YOUNG STOCK

The property of FRED LANGDON Will be sold by public auction at his farm, Lot 12, Con. 1, Eramosa, situated on No. 24 Highway at the Four Corners, about 4 miles N.E. of Guelph on

SATURDAY, MARCH 15th Commencing at 2 o'clock, as follows:

35 COWS—16 Heifers, all due inside of 1 month; 12 cows, carrying their 2nd calf, due in March; 7 Cows, milking, all young and due next fall; the herd bull, Norval Sylvius Lad, 136097, bred by W. P. Laidlaw and Son, Norval, Ont.; 15 Heifer Calves, vaccinated. This is a high producing herd of cows. The big, roomy kind demanded by export trade. Pure bred sires have been used for several generations from such herds as the O.A.C., Ontario Reformatory and other noted Holstein breeders. This herd has been TB tested every year, with no reactions. Terms: Cash.

HOGS—10 very choice bacon type York Sows, due in Mar. and Apr. Boiler, bottle washer and small bottle filler; the milking machine, Clean Easy Milker will also be sold. All cows subject to blood test.

THE FARM—At the same time, the farmstead, containing 135 acres more or less, will be offered for sale, subject to a reserve bid. A modern dwelling house was erected in 1938 with all the latest equipment and conveniences, running water, bath room, hydro, etc., hard wood floors throughout.

The barn, 56 by 80, with two L's was built in 1937, and is one of the fine barns of Wellington County. The farm is well fenced and in a very high state of cultivation. It is well watered by an artesian well and spring creeks. There is also a good wood lot with hardwood and cedar. This is one of the best equipped farms offered to the public for some time. Call and look it over. Also come and inspect these cows before the sale.

Terms on farm made known at time of sale, or apply to the owner, Fred Langdon, R. R. 1, Guelph. Sale under cover.

HINDLEY AND ELLIOTT, Auctioneers Phone Erin or Milton

ACTON

The funeral service for six-year-old Tommy Doby was held last Thursday afternoon with service in St. Alban's Anglican Church in charge of the rector, Rev. E. A. Pulker. Many friends of Mr. and Mrs. Les Doby and family attended.

At the School Board meeting Tuesday, the report of Inspector L. Skuce was received and read by the Secretary. Chief item in this report was the recommendation that at midsummer, provision be made for an additional room and teacher in the Public School. The pupil ratio per teacher was now high and every grade was full with no room for scholars coming in through the year. Total enrolment was 339 pupils with 49 pupils in the kindergarten.

The by-law governing taxis in Acton was discussed by Council. It was decided that each driver of a taxi must secure a permit from the Chief of Police before operating a licensed vehicle and the by-law was to be so amended.

A letter from Nelson J. Duckett offered a fourteen acre field on his property for sale for the site of War-time Housing.

The clerk was instructed to request from Mr. Hutt a plan of his subdivision in compliance with the act covering such subdivisions in any municipality.—Free Press.

Sir Walter Scott's brother, Tom, served in Canada as a paymaster with a British regiment, died in this country and is buried in St. Matthew's Anglican Church in Quebec City.

FLEECE WOOL CLIP

The total weight of Canadian grown fleece wool graded in 29 registered wool warehouses in 1946 was approximately 8,325,000 pounds. This is a reduction of about 15.5 per cent. from the amount graded in 1945. The Canadian Wool Board Ltd. again took over all fleece wool in 1946 at set prices per grade as has been done since 1942 under wartime regulations. The Board, however, ceased buying operations on December 31st, 1946.

STORAGE ONION BULBS

Storage experiments at the Dominion Experimental Station, Morden, Man., indicates that continuously cool (36 degrees F.) and dry conditions are the best for onion bulbs. Light freezing did not injure the bulbs but increased their pungency. Bulbs kept air-dry but allowed to become alternately frozen and thawed several times broke down with rot quickly when brought into room temperature of 70 degrees.
