

Hello Homemakers! There are plenty of eggs on the market in spite of commitments to ship large quantities to Britain. In other countries where eggs have been a standard main dish, women have found it necessary to do without them, or use a substitute. Hostesses in Capetown, South Africa, have a simple solution. They serve one ostrich egg which provides a good meal for twelve or more people. The people of Capetown have only recently taken to eating ostrich eggs, but they have long been a favorite with African Bushmen and Hottentots. . . . If this should become a profitable commercial venture, the ostrich will be transferred from the millinery store to the grocery!

Here are recipes made with Ontario Grade A Medium eggs since Grade A Large are only used for poaching at our house.

SCRAMBLED EGGS WITH HERBS

4 beaten eggs, 1/4 cup cream, 1/2 tsp. salt, dash of pepper, 1 tsp. chopped parsley, 1 tsp. chopped onion, 1/8 tsp. thyme, 2 tbsps. fat.
Combine eggs, cream and seasonings. Heat fat in heavy pan; pour in egg mixture and cook slowly until partially set, stirring lightly. Add herbs; cook until set. Serve with little pork sausages. Garnish with parsley. Serves 4.

BUDGET OMELETTE

1 cup soft bread crumbs, 1 cup milk, 4 eggs separated, salt and pepper to taste.
Mix milk and crumbs, let stand, then beat smooth. Beat yolks, add to bread mixture. Beat whites stiff and fold into mixture. Pour into hot greased pan and cook slowly until firm, 25-30 mins. Cook in the oven, preheated to 375 degs., for the last 10 mins. to brown on top. This four-egg omelette will serve 4 to 5 people. The same mixture may be cooked as scrambled eggs.

EGGS BAKED IN CHEESE

1/2 lb. Canadian cheese, grated, 1/2 tsp. salt, 1/8 tsp. pepper, 1 tbsps. fat, 6 eggs, 1/2 tsp. dry mustard, 1/4 cup thin cream.
Oil a shallow baking dish; sprinkle the grated cheese on the bottom, dust with salt and pepper; sprinkle with the fat. Break the eggs, one at a time, over the cheese, combine the mustard and cream; pour over the eggs. Bake in oven at 350 degs. until the whites of the eggs are set, about 15 mins. Serve hot with Potato Puffs. Serves 6.

BAKED MAPLE CUSTARDS

2 eggs, 1 to 2 tbsps. granulated sugar, 1/4 tsp. salt, 2 cups milk, scalded; 1/2 tsp. vanilla extract, 6 tbsps. maple syrup.
Beat eggs slightly; add sugar to taste, and salt, and stir until well mixed. Add scalded milk gradually, while stirring constantly. Add vanilla. Mix ingredients thoroughly. Grease or oil 6 custard cups. Put 1 tbsps. maple syrup in bottom of each. Carefully pour in custard mixture. Place custard in shallow baking pan containing warm water. Bake in oven of 235 degs. for 45 mins., or until silver knife inserted in centre of custard comes out clean. Chill custards in refrigerator. Then turn top-side down into sherbert glasses and serve. The maple syrup forms sauce over custard. Serves 6. If more convenient, these custards may be baked the day before serving and stored in the refrigerator until mealtime.

TAKE A TIP

This is the time of year when certain household utensils can be cleaned thoroughly.

SILVER

- 1 Use an aluminium pan (not tarnished);
- 2 Put water, salt and baking soda into the pan (for each quart of water use 1 tsp. salt and 1 tsp. soda);
- 3 Place silver in the pan — there should be enough water to cover it;
- 4 Place pan on stove and heat until the tarnish disappears;

5 Pour off the water, wash in hot soapy water and dry thoroughly. Instead of an aluminium pan, a granite pan may be used in which an aluminium strip or plate is placed. Each piece of silver must touch the aluminium.

GRANITWARE

- 1 Scour stains with fine scouring powder;
- 2 Do not scrape food from granite as it chips;
- 3 Soak well. If dish contains milk or eggs soak in cold water; if it contains fat or sugar, soak in hot water. Boil in a dishpan of water containing 3 or 4 tbsps. of washing soda. Rinse and dry.

ALUMINIUM

Fill each aluminium kettle with water to which you add 1/2 cup vinegar. Bring to a boil. Rub with steel wool if necessary after boiling for 10 mins.

BAKE BOARD

Scrape with the back of a knife and remove loose material. Scrub with clear cold water, following the grain. Rinse with warm water and dry thoroughly.

BREAD BOXES

Wash in soapy water. Scald with vinegar and boiling water.

NICKEL AND CHROMIUM

Polish with Bon Ami applied with a soft cloth dampened with ammonia or water. Let dry and rub.

"SHE'S STILL TALKING!"

KEEPING CONVERSATIONS BRIEF is just one of the ways of practicing the master rule for the best telephone service. "Do unto others as you would like them to do to you—and do it first!"

FOR BEST RESULTS FROM YOUR TELEPHONE:

1. Keep calls brief.
2. Space your calls.
3. Avoid "listening in".
4. Give right-of-way to emergency calls.

THIS YEAR ALONE we are spending \$3,500,000 so that more farms may have telephones with fewer people on each line.
