**BORN**

**PEARCE**—At Toronto Western Hospital, December 2nd, 1947, to Mr. and Mrs. W. D. Pearce (nee Nan Anderson), a baby girl, Patricia Ann, granddaughter for Mr. and Mrs. C. W. Anderson, Milton.

**DIED**

**DENT**—In Trafalgar Township, on Monday, December 8th, 1947, Frederick Ernest Dent, beloved brother of Emma Elizabeth Dent, in his 73rd year.

**CARD OF THANKS**

Mr. and Mrs. Ernest Pell wish to express their thanks to the staff of Milton Hospital, friends, also the teacher and pupils of S. S. No. 6 for the kindness and sympathy shown Harvey during his recent illness.

**- Brevities -**

—Just 11 more shopping days until Christmas.

—Milton stores are open Wednesday afternoon from now until Christmas.

—Work is continuing on the Crozier Block on Main Street and the front wall is nearing completion.

—The new show windows and store front of the Selrite Store is quite attractive and is just about completed.

—There's the usual pre-Christmas busy time in the rural schools these days preparing for the Christmas concert.

—Owing to continued rising costs we cannot accept subscriptions for the Champion for over one year in advance.

—School teachers and pupils will have a long Christmas holiday period this year from December 19th until January 5th.

—Nassagaweya Voters' Lists recently issued, show a total of 1085 voters in Part 1; 146 in Part 2 and 57 in Part 3 with 354 eligible for jury duty.

—Ted White, son of Mr. and Mrs. George White, who is a third year engineering student at the University of Toronto has been awarded a \$250 Provincial scholarship.

—The Liquor License Board of Ontario this week announced that sale of beer, wine and spirits in all hotels, taverns, public houses, restaurants and clubs cease at 6 p.m. on December 24, Christmas Eve. Normal hours of sale will resume December 26.

**WORLD LIGHTHOUSE SERVICE**

United Kingdom engineers and Yugoslav technicians are working together on the Dalmation Coast, completing a chain of lights and lighthouses that will safeguard shipping for hundreds of miles. Lighthouses have become a priority United Kingdom export, for Britain is the only country possessing a commercial organization that can build and equip entire lighthouses. The war has wrought havoc with lighthouse equipment all over the world and a United Kingdom firm is now busy repairing and re-equipping hundreds of these installations.

**HEALTH AT HOME**

It's easier and cheaper in the long run to take care in buying and serving food, according to nutrition experts. From the Department of National Health and Welfare comes a warning that the home where meals consist of hashed-up foods and where some of the essential elements are overlooked is likely to house an irritable, ailing brood. Fresh fruits and vegetables, Canada Approved bread and other healthful foods will help the housewife keep the family happy and healthy.

**ULTRAVIOLET AFFECTS 2,4-D**

Laboratory experiments show that irradiation of 2,4-D solutions with ultra-violet light affect the action of that chemical. The action of the ammonium salt was weakened but with most other 2,4-D compounds, their weed killing activity was increased. Chemists suggest this may be a possible explanation for conflicting field results of tests conducted under different conditions of sunlight.

**BRANCH**  
**136**  
**NEWS**

A large group of members turned out Monday to attend the annual nominations, held at the regular meeting of the branch. With Comrades Wood and McAndless unable to be present, Comrades Anderson and Shannon ably filled the offices, with Comrade Anderson having an unusual amount of work to do, during the nomination period.

It should be an interesting election on December 29th, as almost 60 names were mentioned for the different offices. With Comrade Fred Johnson in the chair, the following were nominated for the different offices.

For President — Comrades Bruce MacNab, James Kennedy, Frank Shannon, Charles Anderson, Ted Woods.

For First Vice-President—Comrades Frank Shannon and Jim Hopkins.

For Second Vice-President — Comrades Ken Clement, Art Wilson, Frank Middleton, Stan Wilson.

For Secretary — Comrades Bruce Fitzgerald, Charles Anderson, Fred Johnson, Ted Woods.

Rodger Ptolmey was elected Treasurer by acclamation, while Bert Allan was chosen Service Officer.

For Sergeant-at-Arms — Comrades George Bayliss, Ken Coxe, Thomas Bradley and Adam Armstrong.

The following Comrades were nominated to contest the office of chairman for the different committees: House and Property, George Bayliss, Harold Earl, K. Clements, Leeming Servos; Sick Committee, K. Coxe, T. Bradley, Harold Earl, John Montgomery, Father H. B. Smith; Bingo, F. Shannon, Scottie Ross, Frank Middleton, George White, Stan Wilson, A. Armstrong.

Entertainment, Tiny Hopkins and Vic White; Cemetery, Thomas Bradley and Bert Woods; Membership, William Morrison; Investigating, H. Earl and Ken Clement; Sports, Fred Johnson, Father H. B. Smith, Charles Wilson, Nip Marsh. For three executive officers, Len Pope, Art Wilson, Stan Wilson, Arnold McDuffe, Dave Wilson, C. Pearson, Harry Auger, Ken Clement, D. Coates, Vince Calhoun, Jim Johnson, Charles Wilson.

It may be noted that others may be nominated for office by presenting a letter to the secretary naming the choice up to 8 p.m. the evening of the election.

Members gave their approval to the support of midget and bantam hockey teams after Dick Clement informed the meeting it was a worthy cause to assist the young hockey players in the community. He also stated merchants had offered sweaters and socks, enough for four teams. Dick was chosen as the Legion representative for this hockey club.

Charles Coulbeck and Herbert Morris were chosen to act as auditors for the year.

Following a report by the president, the branch approved of sending a monthly parcel of food to England. It was explained the movement was sponsored by the Dominion Command and that all parcels would be distributed by the British Legion to those needing it most.

The gang should not forget the annual stag being held tomorrow night. It should be a gala affair for those attending. Then there will be the Christmas party for the families and children on December 17. It will start at 8 o'clock. A couple of nights later will be the regular monthly ladies' night for members and their wives. The last two have been a huge success and this one should top them all. Ladies are again asked to provide.

Two new members, Comrades C. Wilson and D. Coates were welcomed by the branch.

**SEAWEED TO BE FURTHER EXPLOITED**

The Scottish Seaweed Research Association, which has already done much for the scientific and economic exploitation of seaweed, has now opened its new headquarters at Inveresk Gate, Musselburgh. Its present inquiries are directed to discover the food value and digestibility of seaweed as fodder for sheep, pigs and poultry. In addition, further use is to be made of seaweed as a fertilizer. It is believed that seaweed from Scottish coasts could yield chemicals worth 15 million pounds a year.

**LIGHTER TEXTILES**

All over the world there is a noticeable tendency to make materials for women's dresses and coats lighter, without reducing their ability to keep the wearers warm. Experts in Britain's textile industries' research laboratories are concentrating on the solution of this problem by new methods of treating the yarn and new methods of weaving. They have succeeded already in reducing the weight of new materials to two-thirds the weight of customary cloth. These new materials have become popular rapidly as women were unreservedly convinced of their suitability for dresses and coats. Parts of this success can be ascribed to the fact that English and Scottish manufacturers produced new color shades corresponding to latest fashion trends.
