Fergus is apparently running Acton a close second in the type of hockey played this season. Reports indicate that Acton confines their ruggedness to the ice surface, while Fergus fans take it out on the visitors in the bleachers.

Informants say that over 50 penalties were handed out in two recent games at Acton, indicating that something should be done to clean the mess up. At Fergus language was so turbulent that fans refuse to take it. Consequently on numerous occasions during the game and after, groups of people were seen to be arguing it out with a few brawls breaking out.
