HIGHWAY No. 25 EARLY ATTENTION KEEPS ROAD FAIR

A bouquet goes to the Highway Department for their promptness in repairs to No. 25 between Acton and Milton. The road was usual badly broken with winter frost in many sections. A road maintainer has been put on and some crushed stone applied with splendid results and the road is quite passable. The new section of two concessions has also received early attention and the drag is keeping it in good condition. This early attention to a very bad section of highway is indeed appreciated.
