Hornby United Church Marks its 125th Anniversary

On Sunday, October 10th, the Hornby United Church observed its 125th anniversary. In the morning Rev. Wesley Hunnisett, of the Fred Victor Mission in Toronto, and his boys provided an interesting program of music, with an address on the United Church and its work. In the evening, Rev. James Blair of St. Paul's United Church in Milton spoke on the Task of the Church. Mrs. James McDougall and Mrs. Murray Hayward sang solos. A brief history of the Hornby community and its churches was read by the minister, Rev. Fred Ainsworth, very much as follows.

In the year 1818 five men with their families left the old land, arriving in York in June of the same year. They were John Dempsey, John Fisher, Abraham Nelson, Thomas Joyce and John Wilson. Dempsey and Fisher came from Scotland, Nelson, Joyce and Wilson from Ireland. They came by stage coach along Dundas Street as far as Munt's Corners, then by foot up the Sixth Line, which at that time was only a blazed trail through dense forest. At the corner of the base line between Trafalgar and Esquering Townships, and the Sixth Line were two large elm trees, and under these trees the five men spent their first night. This was in the month of July, 1818.

During the fall they chose five homesteads, and built five log cabins, shaping the logs with common axes, while with a whip saw they ripped the boards for flooring, and clapboards for their roofs. Then they returned to York for the winter, coming back in the spring with their families and belongings. The families walked, while the oxen brought their possessions.

In the year 1822 Jasper Martin took up Lot 14, concession 2, where the town of Milton now stands. The following year, 1823, he built a grist mill, which became a great convenience to the settlers, who came through the woods carrying the grain on their backs, to be made into flour for their families.

As far as church building was concerned, the Methodists were the first in the field, and in the year 1823 they erected a log church on the west corner of the Eighth Line at the Base Line in the township of Esquering. In 1825 another church was built at Bloomfield on the Sixth Line, in Trafalgar Township. Still another was erected on Lot 2, Concession 7, which is now Clifford Wigglesworth's farm, in Esquering. This appears to have been a Baptist Church, and was later burnt. It was used by the Hornby Literary and Debating Society for a while.

About the year 1838 the Presbyterians built a frame church, and also started a cemetery on the north east corner of the eighth line and the base line, directly opposite the Methodist Church. This was replaced in the year 1876 by the present brick building. Regular services have not been held in this church for several years. At present it is the custom to hold one worship service each year. Funeral services are also occasionally held in it, and it is kept in a very good state of repair.

In the year 1840 the Anglicans built a frame church on the south side of the base line at the ninth concession, where they have worshipped ever since. A cemetery was also started.

Going back again we find that the first schoolhouse was built in Hornby in the year 1826. It was a log building, and stood beside the Orange Hall. Over 100 pupils are said to have been on the roll when one, Charles McLennan was teacher there. The brick building now in use dates back to 1870. To this new school more pupils came, and at one time there were 130 of them on the school roll. Two teachers were employed. Lyons, Leighton, Bachelor and Brookbanks were among the old-time teachers, the present teacher being Miss Nellie Jardine.

Orangemen have always formed a large percentage of the citizens of Hornby, and the first Orange Hall was built in the year 1823, on the farm owned by A. Stark. This was a log building with a clapboard roof. In the year 1858 the hall which now stands was built.

The present building used as the United Church was the first brick church built in Hornby, but since the records are not now available, we do not have information as to the date of its erection. Unions in 1880 and 1884 brought various Methodist Church bodies together, and then in the year 1925 the United Church of Canada was established. Looking back, then, to the year 1823 when the first Methodist Church was built here in Hornby, we find that we have been 125 years on the go as a Methodist and United Church, and look forward hopefully to many more years of service. Some of the more recent ministers of the church were, Rev. John A. Nell, Ph. B.; Rev. Benjamin Eyre, B.A., and Rev. J. O. Totton, and at present

MILTON ROTARY CLUB TO WELCOME DISTRICT GOVERNOR

The Rotary Club of Milton on Tuesday, October 19th, will welcome William A. Calder, K.C., Governor of the 169th District of Rotary International, which includes 43 Rotary Clubs in the Province of Ontario and State of New York. Mr. Calder is senior partner in the law firm of Calder and Ball in Woodstock, Ontario, and is a member and past president of the Rotary Club of Woodstock.

Mr. Calder will visit the Rotary Club of Milton to advise and assist President Bus. Norrington, Secretary J. M. Ledwith and other officers of the Club on matters pertaining to Club administration and Rotary service activities. He is one of the 180 District Governors of Rotary International who are supervising the activities of some 6,500 Rotary Clubs which have a mem-

bership of more than 323,000 business and professional executives in 80 countries and geographical regions throughout the world.

Wherever Rotary Clubs are located, their activities are similar to those of the Rotary Club of Milton, because they are based on the same general objectives, developing better understanding and fellowship among business and professional men, promoting community-betterment undertakings, raising the standards of businesses and professions, and fostering the advancement of good will, understanding and peace among all the peoples of the world.

Each year, this world-wide service organization continues to grow in numbers and in strength. During the last fiscal year, 320 new Rotary Clubs were organized in 35 countries of North, South and Central America, Europe, Asia, Africa, Australia and the Islands of the Pacific.

The churches of all faiths and forms of worship are great centers of religious inspiration. They hold up high ideals of faith and conduct and preach lofty principles of worship and fine purposes in human relations. People are elevated by these excellent thoughts, and support is secured for fine ideals. The truths of religion are forcefully and eloquently presented, and they are a great power for good in the community.

The educational work of the churches is highly important. A great deal of thought is given to the training of children and youth and many people join adult classes. Youth organizations carry on fine and useful activities and seek to cultivate fine ideals among the young people. Discussion groups are emphasized in which special attention is given to modern problems.

Elevating and inspiring thoughts are presented from the pulpits of the various forms of faith. The sermons are in touch with problems and they call the people to support and adhere to the highest principles of conduct and religion.

Musical programs are presented by gifted performers. The singing of hymns is done with enthusiasm and it is a satisfaction to hear these familiar songs sung in such spirit.

The churches are centers of friendship and social relations. Newcomers in town are sure to find a hearty welcome in these associations and their lives are enriched by these pleasant contacts. The churches are a wonderful power for good in the community and a great source of inspiration.

The members of these congregations welcome back those who have been away, there are hearty greetings for those who have been absent and plenty of enthusiasm for the work and programs of the fall and winter.

Rev. Fred Ainsworth, M.A., B.D. The seven hotels that some of the old time ministers battled have all gone, as has also the brewery, though part of one remains in the residence occupied for many years by Jim Bailey, and more recently by Mrs. Barker and her family of boys.
