

LOCAL NEWS

Items for this column may be phoned to 220 or sent to the Canadian Champion Office in Milton

—Garbage was found strewn on the base line at Hornby, near the Manse past the Presbyterian church this week.

—Arrangements for the TB survey are going forward with hopes that everyone is interested and will co-operate.

—Mrs. Herden of R. R. 1, Milton, was the winner of a television set in a draw sponsored by the Rotary club of Acton. The draw was made at a Fun Fair held in Acton last Friday evening.

—All clergy from surrounding communities are attending by invitation a preview showing of the "Prince of Peace" at the Roxy Theatre. This picture will be shown to the public later.

—Hallowe'en to-morrow.

—Remember it's best to have applications for the Halton night school, being held in Milton, in the Milton office of the Department of Agriculture before November 1. Those whose applications are in by that date will have first choice of securing the course they want most.

—The Rotary Club's annual free Hallowe'en party for Milton and district young ghosts, witches, black cats, clowns, old fashioned ladies, cowboys, etc., will be held tomorrow in the town hall. The evening of Hallowe'en fun, films, contests, candy and door prizes will begin at 7.30.

Board Seeks Approval of \$555,000 Building Plan

Last but by no means least of a busy agenda on Monday night, North Halton High School District Board tackled the building program. The motion of July, calling for a start on the program with a school in Acton, had not been acted upon. A subsequent special meeting held at the house of the chairman in Georgetown had brought forth another proposal for building in three towns at an estimated cost of \$555,000. The original program for construction in three towns called for an expenditure of approximately \$900,000 and was opposed by Esquing and Nassagaweya.

Acton members of the Board told of a visit with the Minister of Education and department officials which they had held because no action had been forthcoming on the motion passed in July by a vote of 9 to 3. The Acton members objected to any changing of this motion until Georgetown showed an inclination to assume their share of the costs as requested by the townships. The motion was left in the records until after municipal councils held their November meeting. The Acton members stressed the need for a building in Acton in view of the fact that High School accommodation must be ready in 1954.

Esquing council, in special session that same night, passed the following resolution, which was read by the secretary:

"That the council of the Township of Esquing will agree to the building program costing not more than \$555,000 for the improvement of the Georgetown, Acton and Milton high schools proposed by the North Halton High School District Board on the condition that all of the municipalities comprising the North Halton High School District shall agree to be liable for such proportion of the principal and interest payable under the debentures and of the expense connected therewith and the costs of maintenance of the said High Schools in the said district and all other expenses of the North Halton High School District Board as the equalized assessment of each of the municipalities bears to the equalized assessment of the whole district."

In view of this township motion, the following motion was passed unanimously by the Board, "That the Board proceed immediately to contact all municipal councils with the suggested building program for Acton, Milton and Georgetown at a total cost of \$555,000."

Contact with all the municipal councils is to be made next week. A grant of \$5 to the Poppy Fund in each town was approved.

Correspondence was read and cases dealt with concerning the attendance of pupils in other districts.

Georgetown Fire Brigade drew attention to the fastenings on doors at the school there and the approved type was to be installed. Other repairs were discussed and invitations extended to commencement exercises in Milton and Acton schools.

The Board approved a grant of \$75 to each school for scholarships to be used at the discretion of the principals.

Accounts of \$12,918.46 were passed on the recommendation of the finance committee.

St. George's church in Georgetown asked for a driveway allowance off school property. The Board took no action.

An increase of \$200 per year was approved for the caretakers at Milton and Georgetown schools to be effective from November 1st.

The transportation committee gave an interesting report, which showed that 240 pupils were being taken daily to schools in the district at a cost of 48¢ per student per day. The cost of transporting pupils from Acton and Georgetown for Shop and Home Economics in Milton was 25¢ per student per day. Total cost of transportation in the district was \$22,450, of which the Department pays 75 per cent.

The meeting on Monday was held in Acton and through the co-operation of Acton Public School Board, the new Board room in the public school was used. Chairman F. G. Oakes and Secretary Wm. Middleton welcomed the Board and showed the rooms, facilities and equipment in a preview of the building.

At this meeting, the members of the Acton staff were introduced and sandwiches and coffee were served. All the members were present except Trustee Beaumont
