DIED

RITZA—Suddenly at her home in Milton on Tuesday, May 24, 1949, Stella Ritza, beloved wife of Alexander Charles Ritza.

IN MEMORIAM

GALLAGHER—In loving memory of a dear friend Ruth Gallagher, who passed away May 23rd, 1949.

To-day brings back sad memories of a dear friend gone to rest. And those who think of her to-day Are those who loved her best.

Ever remembered by Mr. and Mrs. William Wilson and family

GILBERT—In loving memory of a dear husband and father, Geo. Gilbert, who passed away May 27th, 1941.

The depths of sorrow we cannot tell Of the loss of one we loved so well And while he sleeps a peaceful sleep His memory we shall always keep.

Ever remembered by His Wife and Family

Brevities

—The weather has been quite changeable lately.

—The right of way at the C.N.R. is receiving a gravelling.

—Highway No. 25 is being oiled from Speyside to Milton.

—Your local paper will add a new feature. We will include a cartoon each week.

—Many from the whole district enjoyed the fireworks display at Campbellville on Monday evening.

—The sewers are now being laid on East Main Street and work will soon be in the main section of town.

—The extension at the arena is progressing. The front is being sodded and the inside is receiving a fresh coat of paint.

—Early copy is a request for next week, since added to our busy schedule we have an item of moving to take into consideration.

—Now is the time to plan your summer holidays so you can make reservations. The local news will follow you if you notify this paper of your change of address.

—Detours are now in order for those making the trip between Acton and Milton via No. 25 Highway. The first detour was last Tuesday when work began just below the mountain.

—Road construction on No. 25 below Speyside makes it inadvisable to use this highway at all times. We suggest the fourth line as an alternative in going to and from Milton and Acton.

NEW MACHINE FOR PICKING STONES

We read the other day that a farmer in Montana has invented a stone-picking machine operated by a tractor. What is more important is the added statement that the invention really works. What a boon such a machine would have been to the pioneer farms of old Ontario. It would be hard, probably impossible, to estimate the amount of tedious, back-breaking labor it would have saved the early settlers of such townships as Mono, Mulmur and Caledon. In some places in these townships stones were so plentiful that the farmers used them for building stone fences, another back-breaking job, for only large stones could be used for the bottoms of these fences and it was a heavy task to haul and pry them into place. Have you ever picked stone on a farm? The writer has and still has vivid memories of the tediousness of the job, the walking back and forth to gather the stones and then carry them to the wagon, which was used to haul them to some fence corner, or unused piece of ground, where they were piled out of the way. The farmers of that earlier generation dignified to use gloves to protect their hands. They did their work bare-handed, even to stone picking. After a day at the job skin and nails were worn almost to the quick and the rough stones gave the picker a jangled, raw-edged feeling that was anything but pleasant and far from conducive to good nature. So with our boyhood recollections still fresh despite the passing of the years, we wish, with heartfelt sincerity, the best of luck to this Montana farmer and his invention.

AIR CAR-FERRY

Silver Airways Ltd., an associate of British European Airways Corporation, has instituted a schedule of air car-ferry service operating four times a day each way across the English channel between Lyme in Kent, and Le Touquet in France. The fare for the single journey will be \$112 for cars up to 12 h.p., including four passengers and luggage. The service is run with Bristol Freighter Aircraft and started operating on April 14th.

PROVIDE MORE AND BETTER TELEPHONE SERVICE

TO-DAY, WE HAVE twice as many employees as five years ago because more people want more service than ever before. Eager, capable, courteous—our operators, installers, the girls in our business offices—all bring to their jobs the same friendly spirit that means better telephone service for you, makes it of greater value than most other things you buy.

In the past five years, our payroll has gone up from 20 million to over 50 million dollars. Yet, up to now, despite higher costs on all sides, there has been no increase in the basic telephone rates established 22 years ago.

To-day's expansion program is breaking all records, but there are still orders we haven't been able to fill. We will keep right on working and building to make your telephone service a bigger bargain than ever—to continue to provide more and better service at the lowest possible cost.

Stuff Round Town

There is a rumour around and about that Harris is leaving town—No such luck! The truth of the matter is this—the spot where the bus stops is moving.

We have been fortunate enough to secure larger quarters in the same building as White's Bakery, right next door to the Princess Theatre and hope to be ready to serve you there before July 1st.

Mr. Norman Browning, who has taken over our shoe repair shop will remain in the present shop to take care of your shoe repair needs.

Watch this column for further announcement as to the exact date of moving. In the meantime, don't forget that for toys, smokes, drinks, novelties etc. there's no better spot in Milton than

New H Official

R. H. Saunders, Addressed Milton That Filled Town W. Phillips Milton tendent Pressed New Equipment

Another milestone in the history of the town of Milton was marked last Friday when Hydro Electric Commission officials pulled the switch to flow electricity to flow newly constructed the westerly limits of the town. The occasion was for the attendance of Robert W. Phillips, Chairman of the Hydro Electric Commission for the town of Toronto and Milton.

During the evening at the town hall, before the audience, Robert W. Phillips, Chairman of the Hydro Electric Commission for the town of Toronto and Milton, was given the honor of pulling the switch, which equipment into operation switch was depressed, noted an area of the drop, showing the how easy it was to take from the incoming 115-220 volt line.

Reviewing the service performed in the Milton, Mr. Saunders said that the Hydro Commission in 1936 by 189 only 4 against. He said that the citizens showed their pride in their system and the revenue in 1936 was \$68,856. In 1914 the sum was only \$7,000 which was \$96,296. "In spite of increased cost, Hydro actually lower than years ago," he stated.

Referring to the show winter, the chairman of the Hydro Commission Ontario Hydro delivered 10 to 12 per cent more power than a year ago. He said that the right places and ways to keep the turbines. He was also hopeful would be no further fall. There may be more we are hoping there.

He outlined the many developments through the construction of for in delays. He said that some of the developments using as much as 14 cement each day. "A Hydro is engaged in four new plants and generating plants in Ontario."

Welcoming the large George H. Dawson, chairman of the occasion might be "Hydro Night in Milton" many guests to the introduced them individually: Stanley Hall, M. Phillips, Milton Supervisor Dr. C. H. Heslop, Mayor of Milton, Manager of Promotion, R. Lawlor, Manager of Region, H.E.P.C.; J. A. Maddock, Consumer Superintendent, H.E.P.C.; and Saunders, Chairman of the Hydro Commission.

During his opening George Dawson said that the mission has completed need in establishing the station in Milton. He said the transformer was years ago and delivery last February.

"Since that time work progressed and today, into operation. Further sub-station is entirely paid the surpluses accumulated proudly stated.

Explaining the capacity new system over the said the primary voltage station was 13,000 volts new one is 26,000. Prudhomme said that the new 2,000 and when comes it will then take 3,800. With further equipment at a later date it increased to 4,500 kilowatts.

Reviewing the growth of Milton the chairman said there were 650 consumers present there are 825. In he said power purchased doubled in the past ten years. Congratulating the Hydro Commission for their progress on behalf of the citizens Mayor Dr. C. H. Phillips thanked Mr. Phillips for his years of office. Musical entertainment (Continued from Page 8)
