ous interests across the country.

line franchise, says The Financial Post, the Commons might better spend its time working for an agreement with the United States providing for exchange of both oil and gas between our two countries.

### HARDER TO SELL WHEAT

Today, however, the U.S. is more aggressive seller under the agreement and the open market price for wheat in the U.S. has been consistently well above the maximum agreement price of \$1.80. Additionally the U.S. Government agreement signatories and the Canadian Wheat Board has been such sales.

## DRIVE-INS POPULAR
