The Sunday School Lesson

SUNDAY, JANUARY 22

THE FIRST CHRISTIAN MARTYR
Golden Text—Be faithful unto death and I will give you the crown of life. Rev. 2: 10.

Lesson Text—Ac. 6: 8-15; 7: 54-60.
Exposition—I. Stephen, the Full Man, 6: 8-15.

The character of Stephen presents a rare combination of strength and beauty, robustness and grace. He was a remarkably full man. "Full of faith" (v. 5); "peace" (v. 8); "power" (v. 8); the Word of God (ch. 7: 2-54); "the Holy Ghost" (6: 5; 7: 55); "love" (7: 60); "courage" (7: 55); "trust" (7: 59). He was also a notable man of prayer (7: 54-60). Among the men of the Bible he seems to occupy the next place to Christ in beauty, symmetry and completeness of character. Like his Master, he was hated and maligned and ultimately murdered. What a revelation of the badness of the natural heart! The lie sworn to against him had an element of truth in them. Because he was full of the Holy Ghost they were not able to withstand the wisdom and the Spirit with which he spoke (Luke 21: 15). As they could not silence him by argument they undertook to silence him by violence, but they only gave him a wider hearing by murdering him. What a contrast between men's treatment and God's treatment of a Spirit-filled man! They marred his face with bruises and blood; God made it shine like an angel's. They said, "He speaketh blasphemous words against Moses and against God" but God made his to shine even as that of Moses had (Ex. 34: 29-35). He had communed with Christ until he had caught the glory of His countenance (2 Cor. 3: 18).

ATOM SHIPS PREDICTED
Warships of world fleets are now being specially designed for specific roles in countering potential enemy types, says the latest issue of "Janes Fighting Ships". In the next few years, it predicts, the world will see revolutionary new fleets with atomic bomb carriers, guided missile control ships, anti-submarine cruisers, rocket-firing destroyers, and ships driven by gas turbine.

Canadian farmers' incomes for the half year jumped 15 per cent over the first half of 1948.

OAKVILLE

The Sunday School Lesson

SUNDAY, JANUARY 22

Oakville public utilities commission will appeal to the Ontario municipal board for revision of the rate structure under which it sells water to Trafalgar township, chairman Hilmer Lofquist disclosed this week. A previous board ruling established the rate at 22 cents per thousand gallons until 1951. The commission will ask that a new rate of 30 cents be approved.

A well known and respected resident of Oakville since 1910, James Bell Lundy Grout died suddenly Monday at his Second St. residence.

Miss Lakshmi Roa, Bombay, India, Dr. Devetta Lyall, Lucknow, India, and Miss Lorent Chute, Vellore, South India, were weekend guests of Mrs. Harry Coote Smith, Douglas Ave. Miss Rao and Dr. Lyall are attending the University of Toronto and Miss Chute, who is spending her furlough in Toronto, is returning to India in a short time to resume her teaching duties.—Trafalgar Journal.

NAMED LONE SCOUT DIRECTOR
G. R. Lennan, Superintendent of Welfare Services, Department of Veterans Affairs, Regina, has been named Lone Scout Director for the Province of Saskatchewan. Lone Scouts are boys living on farms, or in areas where there are not sufficient lads to form a Scout Troop. They do much of their Scouting under supervision of adult Councilors.

SALT PREVENTS WINTER ACCIDENTS
Broken bones and bruises can be avoided by sprinkling icy steps and walks with a few handfuls of rock salt, states R. M. Rowat, development manager of C-I-L's salt division. He says motorists now can obtain 10-pound bags of rock salt at service stations to carry in their car's luggage compartment. If they are stuck on ice or in snow, all they need do is sprinkle some salt under the rear wheels. This not only melts the ice or snow, but acts as an abrasive which offers a good grip for the tires.

ERIN

The Sunday School Lesson

SUNDAY, JANUARY 22

The play, "Arron Slick from Punkin Creek" was presented in the school on Wednesday evening, by a local cast and sponsored by the C.G.I.T. The directors, Mrs. Ward Bruce and Mrs. Calvin Evans and players deserve great credit for their acting. From start to finish it is full of humor, and each player portrayed their part in fine style.

A highly respected citizen of Erin Township passed away in Guelph General Hospital, on Saturday, January 7, 1950, in the person of Peter McGill, following an illness of a few days from a paralytic stroke, in his 75th year.

The village council expects a report from the engineer concerning the waterworks project at any time.

John Hunter had the misfortune of turning his car over while returning home from the village last Saturday evening. No one was hurt and the car only slightly damaged.—Advocate.

ONTARIO'S HISTORICAL SITES TO BE EMPHASIZED AS TOURIST ATTRACTION
History as a tourist attraction will be the theme of a conference being called in Toronto on January 11th by the Ontario Department of Travel and Publicity, according to an announcement by Hon. Louis P. Cecilie.

Invitations are going forward to all historical organizations in the Province to meet with tourist leaders for the purpose of developing a program which, it is hoped, will result in more intensified local efforts to develop and mark historical attractions and thus provide Ontario's booming tourist industry with an additional lure for visitors.

In making the announcement, Mr. Cecilie pointed out that officials of his Department have given this matter careful study over the past several years and are convinced that the Province possesses a tremendous untapped wealth of attractions which visitors are eager to see if only these matters of historical importance are developed and presented in an interesting fashion.

The earth's core is liquid, 1800 miles down.
