N BEACH

Word has been received by Mrs. Frank Crawford of the death of her aunt Mrs. Frank Deitch (Phoebe Levery) of Los Angeles, California, formerly of Milton.

Mr. and Mrs. Robert E. Rasberry Martin St., will be at home to their friends Tuesday, March 28th on the occasion of their 50th wedding anniversary, 3-5 p.m. and 7-9 p.m.

Engagements

Mr. and Mrs. William Almond Parks of Arden Ont., announce the 10.00 a.m.-Senior School. engagement of their daughter, Nor- 11.00 a.m.-Worship Service. Ordin- believed in independence and pridma Marguerite, Reg. N., to Kenneth Douglas Agnew, son of Mr. and Mrs. Kenneth Oswald Agnew. The marriage to take place in Arden United Church on April 15th at 3.00

Disposal Plant Ready for Operation Three Weeks

(Continued from Page One) time as the City of Toronto. The Railway Association had written requesting Milton's stand on this

Mr. Tiny Hopkins was present to discuss with Council the conducting of the regular Saturday night dance. The matter of proper clothing was discussed and instructions were issued as to the necessary attire required for admission to the dances. There had been no rowdyism since the extra help had been engaged.

A by-law was passed authorizing for the current expenses of the ed as needed by the Corporation until such time as the taxes are collected.

A letter was read from the Department of Highways suggesting some changes to be made in a parking by-law as it affects Brown St. This by-law is to be re-drafted and consideration is to be given to prohibit parking on the north side of Main Street east of the Town Hall. Signs are to be procured and erected.

The matter of town employees not being on the job during the days was discussed and instructions issuel to Town Foreman Coulson.

The matter of cutting off a section of the town to make water repairs was discussed. The repairing of the washroom

and making it more presentable was discussed by Council. The issuance of debentures to

pay for the sewage system was discussed by Council but no action is to be taken until a later date.

Plans were discussed for making the streets about town passable. It was suggested that sections of streets be topped with a permanent top. This work will have to be done a short section at a time so that the burden of the cost would not be too heavy in any one year.

HAMILTON SPEAKER ADDRESSED NELSON EDUCATIONAL ASSOCIATION

On Thursday, March 16, 1950, the second meeting of the newly form- Friday, 8.00 p.m.-Prayer meeting ed Nelson Educational Association was held in Nelson Township Hall There was a good attendance.

meeting to order and the evening's 7.00 p.m.—Evangelistic Service. program began with the showing Tuesday, 8.30 p.m.-Young People's of an excellent film on safe bus transportation for school children. The picture was of particular interest to this group because of the fact that a consolidated school is planned for North Nelson and bus transportation is one of the big And Ye Shall Know the Truth and items to be considered.

Following this, the speaker for the evening was introduced by Dr. Stuart. Mr. Woodruff, principal of Hamilton Normal School addressed the meeting on the subject Modern Education.

He mentioned that our methods today are to know and understand our pupils and to put the child before the subject to be taught.

supplying sufficient teachers and stressed the fact that rural oneroomed schools are the ones which have most difficulty in procuring qualified instructors.

During the discussion period which followed in answer to question placed by one of those present. Mr. Woodruff stated that with two teachers of equal ability, one in a rural school, one in a graded school, the pupils attending the graded school have the advantage. Two, because of the trend in education the one-roomed schools are rapidly losing their usefulness. It would be almost impossible for a teacher in such a school to carry out the proposed new methods suc-

cessfully. The speaker was thanked by Mr. Marshall Campbell, and the meeting heartily approved his motion. A general question period followed. Several interesting facts were brought out - among them, that while it will cost \$47,000 to repair the schools, the cost of a new one to North Nelson ratepayers would

be \$30,000.

HALTON FORUMS DISCUSS FARMING CO-OPERATIVE WAY

Halton County Farm Forums in reporting on the topic, "Can We. Farm Co-operatively", seemed to be of the same opinion as regards the Radio Broadcast, marking it as Excellent or Good, but one Forum reported it as Fair maintaining they had heard all this before, while N. Trafalgar reported it as good but co-operative farming in Ontario was new and it might help to eliminate the poor farmer.

The first question "Only a very small percentage of Canadian farmers operate land or machinery on an organized co-operative plan. Why is this so? Practically all Forums reporting sounded very emphatically the note that Canadian farmers ed themselves on being individualists, owning their own land and machinery and in that way could seed or harvest when lands and crops were ready as Canadian seasons were short.

The second question, "Would it be to the advantage of a young man wanting to start farming with limited capital to join in a co-operative farming scheme. The majority answered yes, while Bannockburn answered as follows, "A preperly organized co-operative farming scheme could be to the advantage of a group of young men with limited capital on an equal share basis. Reasons given were: first, economics; second, proficiency, one man might excel with live stock, another poultry and another field husbandry; and the third and final reason, there would be free time for holidays and recreation periods. Whereas Omagh Forum felt that unless it was a father and son cooperative it would not be advisable because a young farmer can invest his money in second hand machinthe borrowing of up to \$50,000.00 Holy Baptism by Appointment with ery and still retain his independ-
