Costs would be competitive with the other fuels.

Disease of Sled Dogs

Epidemics among sled dogs in the Canadian Arctic have been investigated by Science Service workers in the Divison of Animal Pathology, Canada Department of Agriculture, and it has been shown that wild animals are the reservoirs for the rabies disease and that dogs become infected from this source.

DEDICATED TO THE PROMOTION OF INTERNATIONAL TRADE BY THE GOVERNMENT OF CANADA

"Drive and Walk with Care As Motor Traffic Increases"

- Minister of Highways

Travel by motorists and pedestrians promises to reach a new peak volume this year.

The seasonal upswing in holiday motor travel has begun. More vehicles than ever before are operating on Ontario streets and highways. Pedestrian hazards are increased.

Extreme care must be exercised by all to prevent accidents. Pedestrians are urged to walk carefully.

MOTORISTS —

√ Check your car and be assured that it is in a safe conditions

√ Check your driving and be assured of a safe journey.
