Arguing Outshines Game Locals Battle, Umps, Vics

Of the two ball games scheduled for the local Red Caps, only one was played but it provided enough excitement and amusement to equal two. Friday night the local club was scheduled to battle Waterloo but the rain washed out that duel. Wednesday, last night, the club travelled to Fergus to do a seven inning stretch with the Victorias and, although rain caused the game to be called for a short time the seven innings were completed and Fergus came out on top with a 9-4 count.

Fergus Vics provided a fine park which we find, the team maintains. But locals got off to a bad start by arriving late and misplacing equipment. The umpires got off to a bad start too and ended up in just as bad shape.

Fergus chalked up six of their nine runs in the first inning but Milton waited until the third to add its three runs. Clement and Crystal of Milton and Fergus respectively, highlighted the batting end of the game by knocking clean home runs over the right field fence. Strike-outs seemed to be at a premium but Doucette for the locals took three from the box that way while Gudpall for the Vics downed only two.

Timmis, plate ump, started off a delayed action time bomb when he made a special trip to the Red Caps bench to stop the smoking there. Continuing, he forced Gudpall to remove some tape that was apparently holding his glove together. Some questionable umpiring in the top of the sixth frame fanned the bomb when Dooney Evans, coaching the locals, literally chased the base ump off the field with his verbal attacks. As usual the ump won out but the locals didn't forget it. Grenke, with no official arguing power, was sent to the bench by the base ump. Before long the bomb exploded when the ribbing of the ump from the locals bench so enraged the officials that Dooney Evans, Grenke and Manager Clements were put out of the park.

The dressing room was along first base line and while the expelled players picked their way slowly along, it was with some amusement that we noted Hanlon's avoidance of the vicinity.

Faithful in his capacity of ball boy, the local junior made a dash across the plate where the pitcher was warming up and an untimely pitch caught the lad with a terrific wallop on the side of the head. Water and first aid relieved the boy but he has this writer's sympathy for the stunning crack he got.

Top Rung Position To Local Panthers

With their 8-5 victory over the Cleronia tribe, the Panthers assured their top rung position in the Lacrosse group for another week. Brantford holds down the second spot with Dundas in show position. Caledonia and Central Peel are in a race for fourth place with Hespeler coming in last.

In last night's game, Ron King was the star, accounting for six of Milton's eight goals with an assist on Evans' goal. Doug Powell drew the only other Milton goal. O. Jacobs scored twice for Caledonia to head their scoring with singles going to Sprier, E. Jacobs and N. Isaac.

Caledonia led at the end of the first quarter 2-0. Milton scored twice each in the second and third quarters before there was any reply from Caledonia. In the fourth, Milton notched four to Caledonia's three to bring the final score to 8-5 in favor of Milton.

INT. A LACROSSE STANDING

Club	W	L	T	For	Against	Pts.
Milton	5	0	0	64	45	10
Brantford	3	3	1	83	75	7
Dundas	3	2	0	42	32	6

THE MIXING BOWL

Hello Homemakers! For sure results, the quickest way to make excellent jelly or jam of small fruit is the pectin method. Using either commercial liquid or crystal pectin is easy. In fact, jelly making is now so easy, it's a temptation to slight the few easy-but-right rules.

TAKE A TIP

1. Select good to look at, ready to eat fruit and prepare exactly as directed in the recipe accompanying the package.
2. Scrub, scald and drain jelly jars and tin lids.
3. When a recipe states simmering time, bring mixture to boil, reduce heat, cover and turn heat to simmer or lowest you can. A quart of fruit will simmer on a closed element turned to Off position for ten minutes, covered.
4. To drain off the juice, spread a square (about 1 yard) of Canton flannel over a colander in a pan and pour in the prepared fruit. Bring corners of cloth together and twist gently. Press the bag with potato masher.
5. If there is a slight shortage of juice, mix a little water with the pulp in the cotton bag and squeeze again.
6. Be sure to measure accurately. Use the same 2-cup measuring cup for both sugar and fruit or juice.
7. Use a large, deep saucepan as the sweetened juice comes to a full, rolling boil. This is a tumbling boil that cannot be stirred down but boiling period is short. Use wooden spoon to keep fruit from scorching on bottom of kettle.
8. After pectin is added, skim off any scum with metal spoon.
9. Fill jelly jars to within 1/4 inch of top and apply a thin film of melted wax. When jelly is cold, pour on a little more wax. Leave lids off if there is any danger of pressing wax on jelly or jam as this causes seepage and then spoilage.
10. Label all jam and jellies and store in a cool, dry place.

REQUESTED RECIPES

Rhubarb Jelly
2 1/2 cups prepared juice
3 1/2 cups granulated sugar
1 box pectin crystals (2 1/2 ozs.)
1. Wash and trim about 2 lbs. fresh rhubarb. Put through a food chopper and place in jelly cloth and squeeze out juice. Add 2 drops red colouring.
2. Measure out sugar.
3. Measure juice into large kettle and place over high heat. Add pectin crystals and stir constantly. Add sugar and bring to a full, rolling boil. Then time fast boil 1/2 minute by the clock. Remove from the heat immediately, skim and pour into jelly glasses. Cover with paraffin. Label and store.

Red Currant Jelly
6 cups prepared juice
6 1/2 cups white sugar
1 box pectin crystals
1. Crush 3 quarts washed, ripe red currants. Add 1 1/2 cups water, bring to simmer, cover, cook 10 minutes. Place in jelly cloth and squeeze out juice.
2. Measure out sugar.
3. Measure out to juice and bring quickly to full rolling boil. Add sugar as liquid heats and stirring continues. Boil fast for 1/2 minute. Remove from heat; skim and bottle. Cover with thin layer of paraffin, then a thicker layer when cold. Makes about 12 small glasses.

What drivers least expect is just what may happen, with tragic results, when there are children near cars or trucks. Even the best and smartest of children will dart into the street now and then, or cross the street with their eyes and minds somewhere else. The Ontario Department of Highways asks all motorists to keep their speed down and their alertness up when driving near homes or schools. Be prepared to give children the right of way for life.

to the Township solicitor, the solicitor was requested to take immediate action to see that the township by-law in respect to sewage disposal was enforced.

Some discussion took place in regard to the necessity of a nomination and a possible election to fill the vacancy created by the untimely and regrettable death of the much beloved reeve, the late John McEwen. The date or dates will be set later.

A brisk discussion took place in regard to the advisability of allowing a drive-in theatre to locate in the township. The clerk was instructed to write to other municipalities where these theatres are located to obtain full information and the building inspector was instructed to withhold all building permits until a more complete study is made.

The clerk was requested to make an appointment for the Council to meet Mr. Alari Van Ewing, a solicitor of Toronto, to get legal advice in respect to certain questions in regard to the Public School Act.

Pricing Ourselves Into Trouble

By Joseph Lister Rutledge

A very simple fact, one that is none the less very hard for us to accept, is that sooner or later we must have lower prices all round. Now we only want low prices for the things we have to buy. Looking at it from our individual points of view, we find that very reasonable. It isn't easy for us to recognize that the cheap eggs and butter and bacon and cheese that please us as consumers aren't pleasing to the producer. To him it seems obvious that these farm prices must be supported, at least until other prices those of the commodities they use, come down, and that of course does not please us.

But there is still another angle to the problem. Roughly one third of all the commodities we produce, whether basic farm output, raw materials or fabricated goods, must be sold abroad and, in all the world, there is only one country that is as prosperous as we are ourselves. It would be wonderful if we could sell our surplus goods to this one market at sustained high prices. But that country is facing the same problem that we are facing and it also has more than it needs of many of the products we could supply.

So, if we are to keep producing at our present rate, and so maintain fairly constant employment, we must sell many of our products to less fortunate sections, where the price ticket is of first importance, where indeed the ability to pay must establish the price, just as our own ability or readiness to pay establishes the price or the home market. Unpleasant as such a realistic policy must appear at first glance it is inevitable if we are not to lose the markets on which our prosperity depends. The only alternative is to buy goods ourselves for which we have no need or inclination or possible use, for that is what government support actually means.

The suggestion that government can turn over this surplus to needy neighbors at nominal prices is dodging the issue. Such a policy means that we are accepting lower prices for our goods. For, if we fake up part of the price we make out of the added taxes we must pay either now or eventually, we are only confusing ourselves into a belief that prices have been maintained.

California's formidable Death Valley has lots of wildflowers.

CAMPBELLVILLE Georgetown Lose In Close Contest

Campbellville Athletic Grounds was the scene of an interesting hardball league game on Saturday afternoon, July 1st when Campbellville defeated Georgetown by a 5-3 count and thereby climbed into a tie for second place in the tightly contested league grouping.

The Juveniles treated a large holiday crowd to a sparkling game which was the kind that brings out the fans in that it was closely contested from start to finish with the lead alternating throughout the 9 innings and each team providing some fine fielding and hitting plays.

Jack Roberts, the star left pitcher for the locals, once again outshone his opponent, Anderson of Georgetown, in a well pitched game. The hits were 8 for Campbellville and 5 for Georgetown. Roberts registered 11 strike-outs as against 4 for the Georgetown hurler.

The Moore brothers starred for Campbellville in hitting and fielding. Kenneth produced a long double in the seventh inning that drove in the two winning runs and Brian sparked as shortstop with his fine defensive work.

Another highlight was Earl Cairns' leaping catch of a line drive in the eighth inning to double a runner at first.

Tommy Dawling did impressive work behind the plate. In this department, Campbellville were able to steal far more bases on Walters, the Georgetown receiver. Top hitters for Campbellville were Bill Cairns with a long double and a single and Clifford Bill with two singles. Earl Cairns, Kenneth Moore and Jack Roberts had a double each.

Walters and Louth did some good hitting for Georgetown. The closely contested games provided by the Juveniles have created a splendid community interest in the new entry in the league which is sponsored by the Campbellville Recreation Club.

Mrs. Ralph Pouritt was hostess to St. John's Guild meeting on Tuesday afternoon when Mrs. Ross Carbert, president, conducted the meeting. Rev. Ralph Pouritt had charge of the devotional period and prayer. Nine members and one visitor answered the roll call.

Mrs. John Blacklock gave the treasurer's report which had a balance of \$217 on hand. Mrs. Glen Britton read the June Bulletin. The Society promised to quilt two quilts for the Red Cross for Winnipeg flood victims. Mrs. Glen Britton demonstrated the making of fancy cookies and cake icing. A social half hour followed the close of the meeting.

A joint meeting of St. George's Anglican and St. John's Anglican was held on Tuesday evening to make plans for the garden party this month.

Several from here attended the Scottish gathering of the Hamilton reunion in Scott Park, Hamilton, over the week-end.

Mr. and Mrs. Fred Peters and daughters of Cleveland, Ohio were week-end guests with Mr. and Mrs. Howson Lush and Mrs. William Hurren.

Mr. and Mrs. George Black and family spent the week-end in Brussels, Ont.

Word was received here this week of the death of Mr. Charles Roberts, Duluth, Minn., the last of the brothers and sisters of the late Mr. James Roberts of this village.

Mr. and Mrs. Jack Nicholson of Aldershot and Mr. and Mrs. Tom Dales were Sunday guests of Mr. and Mrs. Edgar Cairns and Mrs. A. Stevenson.

Compliments go to the entrance pupils of Mr. George Michie of S. S. 10 School for passing. We are sorry to see Mr. Michie leave but wish him every success in his University Education.

Mr. and Mrs. Roy Donaven and family of Hamilton and Mr. and Mrs. George Inglis and family were Sunday guests with Mr. and Mrs. Robert Inglis.

Mr. and Mrs. George Thomas held the Currie reunion at their home on Saturday and all there reported an enjoyable time.

Canadian population estimates at June 1, 1949, showed that out of a total of 13,549,000 persons, there were 8,779,800 between the ages of sixteen and seventy and therefore not qualified for old age pensions or baby bonus.
