Milton Takes Sat. Game K. O. Acton by 11-4 Score

Eight runs in the first two innings at the expense of southpaw, Don Ryder, took the steam out of Acton Ints. at the start last Saturday afternoon. Milton pinned an 11-4 defeat on them for their eleventh loss of the season. John Mowat went in to relieve Ryder in the third and restricted Milton to one solitary bingle until the ninth but the damage was already done and Milton coasted the remainder of the way.

Doucett kept eight Acton hits well spaced as he went the distance for the Red Caps. He was only in any real trouble the once, in the top half of the second, when Acton plated two runs, but settled down and whiffed eleven batters in later innings.

Milton smashed nine safeties from the combined offerings of three Acton pitchers, including a double and triple. In the first frame Gervais started a merry-go-round off when he poled a three bagger. Off three hits, Milton counted six runs and were never headed.

Waterhouse tallied in the top half of the first for Acton on a single and an error at second. In the second inning Hough and Ryder singled in succession, both scoring on an error at third. Masales singled in the third and scored on Jordan's safety for the last Acton run.

Milton counted a brace in their half of the second when Fay was hit by the pitcher and Toletzka walked. Both runners scored on consecutive singles from Stover and Early. Brush arrived safe in the bottom half of the sixth on a bobble at third to account for Milton's 9th run. A single from Gervais and a double from Toletzka was followed by Rusk poking a single through centre, scoring two additional Milton runs in the ninth. Sam Snyder went to the mound for Acton in the ninth.

All Halton County games slated for last night were rained out.

Milton Lawn Bowling News

Bank of Commerce Trophy
On Saturday, July 15th, the annual competition for the Bank of Commerce Trophy was held at the Milton green under ideal weather conditions. Any bowling club in Halton County is eligible to enter a team. This year only three clubs competed, Georgetown, Oakville and Milton. It was regretted that both Acton and Burlington were unable to raise teams and had to cancel at the last minute.

Georgetown won the trophy for the second year. Individual prizes went to two pairs from Georgetown and one pair from Oakville.

Provincial Lawn Bowling Tournament
Milton has entered a rink in the Provincial Lawn Bowling Tournament and on Monday night, July 17th, won their first match against the Brampton rink skipped by Mr. D. Burrows. The Milton team, skipped by Bert Sinclair, consisted of Ches Earl as vice-skip; Merv Ezeard second and Bob Burne lead.

Milton got away to a bad start losing eight points on the first end but caught up gradually and tied the score on the ninth end. Brampton pulled ahead again at the 14th end, and were leading 21 to 12.

From there on, Milton scored every end but the 18th and won with a score of 25 to 22.

The most exciting moment of the game was in the last end when the score stood Milton 24, Brampton 22. Brampton were lying with a count of three when the two skips each had but one bowl left. Bert Sinclair came through with a perfect shot to the jack and saved the day for Milton.

Sharkey Officiates Mat Shenanigans

It will be something of a David vs. Goliath wrestling match in Milton when Whipper Billy Watson former British Empire and world champion and now a leading contender for both titles, meets Ski-Hi Lee, the gigantic Ozark hillbilly wrestler in the feature event. Jack Sharkey, former world boxing champion, will referee.

Watson, who weighs 235 pounds, combines speed, cleverness and strength to make him one of the top men in the ranks of the professional heavyweight wrestlers. The 6 foot 9, 292 pound Lee has fearsome size, terrific strength and a ruthless, rugged style in the ring that stamps him as a dangerous opponent for the best in the sport.

Sharkey, besides being the noted former world boxing champion, is a capable, efficient and two-fister referee. Neither main-bouter should be able to get away with any shenanigans under his officiating.

OFFICIAL INSPECTION. Donald Gordon, chairman and president of the Canadian National System, examines the radar equipment aboard R.M.S. Lady Rodney during his first official inspection of the C.N.S. fleet. The Lady Rodney sailed from Montreal on her 285th voyage to Bermuda, the West Indies and British Guiana, with calls en route at Halifax and Boston. Left to right are: Captain R. A. Clarke, general manager, C.N.S.; Mr. Gordon and Captain Anacle LeBlanc, master of the Lady Rodney.

School Discussed Promise Decision

(Continued from Page One)

mittee, "And resolved that a representative from the Provincial Fire Marshal's Department be requested to meet with the Fire Committee on a date to be set for the purpose of discussing rural fire protection and further, that the four adjoining municipalities be requested to send a representative to this meeting." Carried.

The account of the Schwenger Construction Co. amounting to \$3,965.78 was passed for payment. The repairs to a ditch at the sewage disposal plant was discussed and it was decided that the town men would complete the ditch under the town engineer.

An account of \$5,915.20 to the Wm. Groves Construction Co. was approved on Certificate No. 8 for installation of laterals.

The Ball Club was given permission to use the town grader at a cost of \$2 per hour but the town operator must run this machine.

It was decided to have the Assessor check at the Court House to see if there were a sufficient number of owners of property registered to entitle Milton to a deputy-reeve in County Council. There has to be 1000 owners registered to give this privilege. The cost of the search will be 25c per property.

The matter of fixing the streets about town was discussed. It was decided to contact the Highway Department to find out about repairing the connecting link through town. It was also decided to get estimates on making a good job of Mary Street and Mill Street from the town engineer.

The Milton Baseball Club applied for the usual grant of \$50 per club entered in organized ball. There are three teams eligible for the grant. This grant was ordered, by motion, to be paid.

A letter from the Sick Children's Hospital of admittance of an indigent patient, was received. Council questioned the town's responsibility.

Mr. Fred Johnson was present and discussed a number of garbage disposal problems. It seems many people fail to realize that garbage must be put out on the street in a covered container and that all garbage must be wrapped. He cited one case where the garbage had not been wrapped but just dumped into a can. This container had been left four collection days now and would not be picked up until it was wrapped. Council promised to see what could be done to educate the house holders so that they would comply with the garbage collection by-law. Council also discussed with Mr. Johnson the procuring of another disposal site.

All members were present at this meeting. Reeve K. Y. Dick presided until Mayor Heslop arrived.

BUILDING CANADA
There is significant and highly satisfactory news of the chemical industry, states The Financial Post. This news is of importance to every Canadian because this is a basic industry and almost brand new. From it flow the vital raw materials to scores of other industries, thus stabilizing and strengthening our whole economy.

In the last ten years the chemical and allied industries have tripled their output, with present annual volume just a shade under \$600 millions. And that is only part of the story.

At least a third of this volume is in products that were undeveloped and in some cases absolutely unknown only a decade ago. Spectacular as has been the expansion of the last ten years, it will certainly be exceeded in the next ten. The industry is just getting its second wind after a tremendous spurt of postwar expansion, and is now on the eve of another burst of growth with almost every part of the country participating.

Does the second half of the nineteenth century start in 1950 or 1850?

DOUBLE RING CEREMONY AT ARBIC-COXE WEDDING COUPLE TO LIVE IN OAKVILLE

St. Paul's United Church was decorated with peonies, madonna lilies and delphiniums when Erna Beverley Coxe, daughter of Mr. and Mrs. Kenneth Coxe became the bride of Lawrence E. Arbic, son of Mr. and Mrs. Arbic of Acton, in a double ring ceremony performed by Rev. Mr. Moore of Waterdown.

Given in marriage by her brother, Harold Coxe, the bride wore a gown of white nylon tulle, a beaded halo held her finger length veil and she carried a cascade bouquet of red roses. Her attendants were gowned alike in faille taffeta and flowered headdress and carried nosegays of mixed spring flowers.

Mrs. Bruce Marshall was matron of honor in yellow, Mary Joan King in orchid and Pat Teasdel in lime green. Ronald Salt was groomsmen and Jack Coxe and Bruce Marshall ushered. The soloist was Mrs. J. B. Fetter, Millgrove, sister of the bride.

Receiving the bride's mother wore blue tulle with corsage of pink roses. Assisting at the reception the groom's sister chose pink nylon with corsage of pink roses.

For travelling to Northern Ontario, the bride wore green nylon mesh with white accessories and corsage of red roses. The couple will reside in Oakville.

Doctor Says Polio Not Such A Menace

During a severe poliomyelitis epidemic there is only a one in 1500 chance of developing poliomyelitis, a one in 7500 chance of being paralyzed and a one in 30,000 chance of dying of the disease, states Dr. C. S. Anglin in an article—"Poliomyelitis"—in Health magazine published by the Health League of Canada.

Dr. Anglin, on the staff of Toronto's Hospital for Sick Children, says further that even in patients who are paralyzed during the acute stage it has been estimated that 50 per cent recover from their weakness and have no residual paralysis one year later.

"Therefore, taking all these facts into consideration, poliomyelitis is not such a shocking menace as some people have been led to believe, and there are really far more serious diseases than this one to threaten the population," says the writer. He adds that the disease has been overemphasized because of polio's dramatic course in some patients.

"Actually, it has been shown by studies of the blood that by the time adult life is reached a high percentage of the population has had poliomyelitis at some time in the past," writes Dr. Anglin. "In other words, many people are infected with the virus and experience a minor type of illness, but the nervous system is not involved and the individual makes a complete recovery without being aware of having had the disease."

Dr. Anglin says that while the statement that polio is not such a shocking menace as some people have been led to believe, is small consolation to parents of a stricken child, it is mentioned in an effort to dispel the panic that "occurs among some members of our population" not aware of the facts.

However, he goes on to say that poliomyelitis, which characteristically occurs in the summer and early fall, should be suspected in a person who shows signs of fever, headache, nausea or vomiting, stiff neck, sore throat, constipation, and weakness.

"Any one or all of these symptoms may be present and the persons so affected should be put to bed in an isolated room and a doctor notified," writes Dr. Anglin. "It has been shown that the most severely paralyzed persons are those who disregard these warning signs and force themselves to continue their usual activities."

Rotary News Views
Milton Club

On Wednesday evening, July 11, the Rotary Club members were guests at the Glenspey Farms for a buffet supper and social evening. Mr. John Frame and Mr. Bob Reed, manager of the farms, acted as genial hosts. After supper the members enjoyed a game of softball with Doc McCutcheon and Ken Dick being champions at the bat and Herb Morris making the prize catch in the cedar hedge. Mr. Frame, with the assistance of Russ Case, showed the film "Tight Little Island" and "Hong Kong" which were greatly enjoyed by all present. Herb Morris thanked the hosts for the splendid entertainment.

NASSAGAWEYA S. S. NO. 7

Life Long Resident Lawrence King Dies

The Busy Bee Institute met on Wednesday in the home of Mrs. A. Pringle. The president, Mrs. McLean was in charge of the meeting. Roll call was answered by a topic for farm forum meetings. A bazaar for the fall was planned and a committee was appointed to buy print for aprons and cotton for pillow cases and lunch cloths.

A committee was appointed to get history of No. 7 district for the Tweedsmuir history and get it written up in book form. Mrs. Ed Davenport gave a paper and reports were given by standing convenors. Mrs. Pringle served dainty refreshments and a social half hour was enjoyed.

The community were sorry to learn of the death of Mr. Lawrence King last Friday. The late Mr. King had been in poor health for some time but was stricken with a heart attack a few days before his death. He spent all his life in this community and was the son of Mrs. B. King and the late Mr. King. The funeral was held on Monday from the Victor B. Rumley Funeral Home to Fairview Cemetery, Acton. Rev. Armstrong of Knox Church, Acton conducted the service. He leaves to mourn his loss, his wife and a son, Ronald, also his mother. The sympathy of the community is with them in their bereavement.

There will be no issue of the Canadian Champion on August 3 while the staff enjoys a week's vacation.

Having purchased the garage business from George Lawrence, formerly known as CAVELL'S, I am now prepared to offer to Milton and District expert automotive repairs.
