NEW FEREDHONE RATES

The Board of Transport Commissioners has ordered our first general rate increase in 23 years EFFECTIVE JULY 22, 1950

In accordance with an interim order of The Board of Transport Commissioners, telephone rates will be increased on July 22nd. These rates will apply until the Board makes a final decision on the application for higher rates that we made last October.

No one, of course, wants to pay higher prices for anything. Though our costs have been going up faster than our revenues for some time, we delayed applying for increases until it was clearly evident we could not continue to operate satisfactorily without higher rates.

Most things you buy and the things we buy

too, have gone up in price in recent years, and nearly all of them more than the revenue increase we asked for. The temporary rates now ordered by the Board give us only part of the revenue we require. If we are to continue towards our goal of providing service to all who want it, when and where they want it, we must receive the balance of the increase for which we applied.

Although the cost of telephone service has finally gone up, when you think about it, the value of telephone service has gone up even more. In terms of convenience, security and friendly contacts, a telephone is worth far more than it costs!

HOW TO FIND YOUR NEW RATE

Look up your exchange area in TABLE "A". Its rate group appears beside it. Below, under the corresponding rate group column in TABLE "B", you

will find the rates for the most widely used classes of service. If you need any information about other rates, please call our business office.

TABLE "B" - MONTHLY EXCHANGE RATES BY RATE GROUPS RATE GROUPS CLASS OF SERVICE RESIDENCE SERVICE Individual Line.. 2-Party Line. 2.85 BUSINESS SERVICE Individual Line Individual Line Message Rate*.. Message Allowance.

LONG DISTANCE RATES

New rates apply on Long Distance calls between many points in Quebec and Ontario. Increases vary from 5 cents to 25 cents, depending on distance and class of call. Long Distance rates on calls outside Ontario and Quebec are unchanged. Details are available at our Business Offices.

OTHER RATES AND CHARGES Information about other new rates and charges may also be obtained from our Business Offices.

*MESSAGE RATE - The monthly rate provides for the number of outgoing local calks shown opposite "Message Allowance", and unlimited incoming calls.

The rate for each outgoing local call in excess of the Message Allowance is 5c.

1.65

NOTE - The rates quoted for Individual (including Message Rate), 2-Party and Rural Service are for wall telephones. Desk telephones are 20¢ more and hand telephones 35¢ more than shown. The Extension rates quoted are for any type of instrument.

You'll find the cost of telephone service has not gone up as much as most other things you buy. Its cost is still low - one of the smallest items in your budget. Today as always your telephone is big value.
