

LOCAL NEWS

Items for this column may be phoned to 220 or sent to the Canadian Champion Office in Milton.

In little personal things it is wiser to give in, saving your energy for things that matter.

Pictures of the high school field meet held in Acton last Wednesday will be published next week.

The children and shoppers this week were like butterflies suddenly emerged from their cocoons of raincoats and rubbers.

Roads are still bad in some rural sections. The fourth line was finally graded after many had become bogged in the holes.

The first few sessions of grass cutting and weeding are quite pleasant in this first warm weather. It will be a different story later on.

Competing at a field meet in Guelph last Saturday, Earl Cairns of Milton placed second in the shot-put and Keith Akins came third in the 220 yard dash.

Do you like to read the "personal" column, short as it generally is? How about sending in personal notes of your visitors and your visits to make the Champion more interesting?

Stanley M. Henderson of Campbellville was one of nearly 200 students who graduated from the Ryerson Institute of Technology in Toronto Friday, in the largest convocation in Ryerson's history. He was a student in the School of Electrical Technology.
